PUSD Celebrates Classified Employees Week May 18-22, 2015

Pleasanton, California– At their April 14th Board meeting, Pleasanton Unified School District Trustees unanimously adopted a resolution to recognize Classified Employees Week, May 18-22.

Classified employees provide critical services to the school and students of the District. They support and enhance the educational process by assisting students and teachers, transporting students, preparing nutritious meals, maintaining buildings and grounds, and performing technical, business, clerical, and secretarial functions.

“Classified employees have a huge impact in supporting our students, schools and parents,” said Superintendent Ahmadi. “They are an integral part of our PUSD team and provide the most effective, supportive learning environment for students.”

Community members are encouraged to thank a classified member who has had a positive influence on their life.
