The lovers: who loves whom more?

Brainstorm a list of ways you can tell someone is in love:

Find at least three actions or statements made by or about Daisy Fay Buchanan that prove she was or still is in love; write the page number in parentheses after the details.

Find at least three actions or statements made by or about Jay Gatsby that prove he was or still is in love; write the page number in parentheses after the details.

Whose love seems stronger? Why?
