# Child find

*All children develop at their own rate. There are established levels in development expected for children at certain ages and stages. The areas of development that affect learning and need to be monitored if there are concerns are as follows: Physical, Cognitive, Communication, Social/Emotional, and Adaptive/Self-Help.*

## Infants & Toddlers | Birth to Age 3

If you know a child under the age of 3 that may need to be screened, please refer the family to the Arizona Early Intervention Program, AzEIP. The AzEIP website, [www.azdes.gov/AzEIP](http://www.azdes.gov/AzEIP), has a checklist for a child's development. If you have concerns about your child's development, contact Sara Mitchem, Service

Coordinator at Milemarkers Therapy, Inc. (928) 854-5439 or use to the link listed below to submit an online referral.  
<https://egov.azdes.gov/azeip/AzeipREF/Forms/Categories.aspx>

## Preschoolers | Age 3 to 5

If you have concerns about a child's development who is between the ages of 3 and 5 (but not yet eligible for kindergarten), the child should be referred for a screening. Contact Amanda Brown, the PUSD Preschool Coordinator by calling (928) 669-8203 ext. 3101 or by emailing [abrown@parkerusd.org](mailto:abrown@parkerusd.org) You will need to have your child's vision and hearing screened

before additional screening can be completed. Hearing and vision screening can be completed at Blake Elementary School. Contact Maria XXXXX, Health Aide, at (928) 669-8203 extension 3117XXXX to schedule an appointment. If the child is enrolled in child care already, try contacting the school to see if they have screening results already available.

## School Age | Age 5 to 22

All new students and all kindergarten students enrolled in public schools are required to be screened within 45 days for the following areas of development that affect learning: Hearing, Vision, Communication, Academics, Social/Emotional/Adaptive Behavior, and Physical Development. If you have concerns about a child's progress in school or one of the developmental areas

contact the school in which the child attends. If the student is in a private school, the parent or school official can contact the school district in which the private school is based; for PUSD, contact Kristin Kebble, Director of Exceptional Student Services, at 928-669-2202.
