Principal's Message

Village High School, which opened in 1978, serves as a "new beginning" for students who have not found success at either of the two comprehensive schools. Village High was named a "Model School" for four consecutive terms. Village offers a caring climate that supports student success and creates a desire for continued success. Students thrive in an environment that provides individual attention and instruction, consistency in behavioral and academic expectations, and support for each student and their unique personal needs. Village High School received the maximum six-year term on the recent review by the Western Association of Schools and Colleges in March of 2007. The campus is home to 223 students who are engaged in meeting district graduation standards, as well as exploring career interests and focusing on future goals. Instruction is geared to maximize the learning experience for each individual student, and, with a class size average of 20 to 1, teachers are able to support student learning throughout the curriculum. Partnerships and career education are also an important focus at Village, as staff, parents and students work together to achieve common goals. The Culinary Arts Career Pathway is a comprehensive program designed to create engaged learners who experience hands-on learning as a real business. Students selected for the leadership class will learn responsibility, ethics, and self-discipline. They will be involved in community service, leadership activities and entrepreneurial experiences that prepare them to become active and successful members of society. The pillars of the district's character education program are embedded in both the curriculum and day-to-day activities of Village High School. Rewards for good behavior and attendance combined with consistent and fair consequences for inappropriate actions encourage students to take personal responsibility for their education and behaviors. Overall, academic achievement, technology as a tool for learning, character building and career exploration are all part of the Village High School experience. Students come to Village for a variety of reasons, but they leave with a healthy respect for themselves, the staff, and the community in which they live. The student body and staff work together to continue to create a model school environment which supports student success.

Mission Statement

Village High School fosters educational achievement and character development by providing a student with an alternative atmosphere and educational program that will enable him/her to explore career choices, develop academic and technical skills, and feel successful and succeed if he/she desires to do so.

Students will. . .

- Be able to demonstrate basic skills across the curriculum.
- Become collaborative workers.
- Be able to communicate effectively.
- Be able to demonstrate critical thinking skills.
- Become self-directed learners.
- Be successful in a learning/work environment.

School Profile

Village High School is located in the eastern region of Pleasanton and serves students in grades nine through twelve following a traditional calendar. At the beginning of the 2009-10 school year, 230 students were enrolled, including 24% in special education, 9% qualifying for English Language Learner support, and 25% qualifying for free or reduced price lunch. Village High School achieved a 2010 Academic Performance Index (API) score of 527.

Student Enrollment by Ethnicity / Grade Level 2009-10			
Ethnic Group	%	Grade Level	#
African-Amer.	4.78 %	Grade 9	5
Amer. Indian or Alaskan Native	0.43 %	Grade 10	15
Asian	8.26 %	Grade 11	86
Filipino	3.04 %	Grade 12	117
Hisp. or Latino	23.04 %		
Pacific Islander	0.00 %		
Caucasian	59.13 %		
Multi-Racial	0.00 %		
Total Enrollment			223

Student Achievement

Standardized State Assessments

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, ten, and eleven.

Student scores are reported as performance levels. Detailed information regarding the STAR program results for each grade and performance level, including percent of students not tested, can be found on CDE's Standardized Testing and Reporting Results website at <http://star.cde.ca.gov>. Program information regarding the STAR program can be found in the Explaining 2008 STAR Program Summary Results to the Public guide at www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf.

California High School Exit Exam

The California High School Exit Exam (CAHSEE) is a state-mandated test given to 10-12 grade students to measure student proficiency in math and language arts. The CAHSEE helps identify students who are not developing skills that are essential for life after high school and encourages schools to give these students the attention and resources needed to help them achieve these skills during their high school years.

Students must pass the language arts and math components of the examination to be eligible for a high school diploma. The test is initially given to students in the tenth grade. Students are given numerous chances to pass the test during their sophomore, junior, and senior years; 60% of Village High School's tenth grade students who took the test passed the math portion of the exam and 60% passed the language arts portion. Proficiency scores from the test are used as a determination of Adequate Yearly Progress (AYP) as noted in the AYP section of this report.

Physical Fitness

The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart disclosed in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. The 2009-10 physical fitness test result data was not available at the time of production of this report.

Alternative School Accountability Model (ASAM)		
Performance Indicators	Actual Performance Rate	Performance Standard Achieved
Student Persistence	100%	Sufficient
Credit Completion	8.8 credits	Sufficient

Alternative School Accountability Model

Schools that cannot participate in the API due to student population size may apply to participate in the Alternative School Accountability Model (ASAM). Village High School has adopted ASAM, which is based on the results of standardized tests and other state board- and district-approved performance indicators. Alternative schools, like all schools, must seek to meet state standards of learning and achievement. Schools serving a majority of students who are at high risk for behavioral or educational failure, expelled or under disciplinary sanction, wards of the court, pregnant and/or parenting, or recovered dropouts must also meet the challenge of addressing personal and social issues that confront students and interfere with their abilities to reach grade level standards. ASAM accurately reflects the growth of students enrolled in alternative schools based on multiple indicators of progress including academic performance as well as other aspects of growth.

Village High School's performance indicators used to evaluate progress are Student Persistence and Credit Completion. Collection of data to create baseline reports for comparison with other schools began in the 2001-02 school year. The ASAM table in this report illustrates the actual performance rates of Village High School's students in each category and corresponding performance rating (2009-10 results were not available at the time this report was published). A "Commendable" or "Sufficient" performance rating indicates a school met or exceeded expectations. "Growth Plan" indicates that the school is making obvious efforts to improve performance. For more information on ASAM, visit the state's website at www.cde.ca.gov/ta/ac/am/.

Adequate Yearly Progress

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

For the 2009-10 AYP cycle, high schools must achieve a 55.6% or higher proficiency rate in English/Language Arts and 54.8% or higher proficiency rate in math on the California High School Exit Exam (grade 10 results only). Additional criteria contributing to whether or not a school demonstrates AYP include achieving a 95% or above participation rate on the CAHSEE, obtaining an API growth score of 680 or higher or increasing the API growth by 1 point, and obtaining a graduation rate of 83.1%.

More information on AYP can be found on the California Department of Education's (CDE) website www.cde.ca.gov/nclb/ and the U.S. Department of Education's website www.ed.gov/nclb/accountability/.

Adequate Yearly Progress (AYP) Results Reported by Indicator & Compared to District Performance 2009-10		
<i>Did the school and district meet or exceed 2010 AYP performance criteria in each of the areas listed below?</i>		
AYP Indicator	VHS	PUSD

<i>Participation Rate</i>		
Language Arts	Yes	Yes
Math	Yes	Yes
<i>Percent Proficient</i>		
Language Arts	Yes	Yes
Math	Yes	No
API Score	No	Yes
Graduation Rate	Yes	Yes

Reported data based upon performance of all subgroups for each of the areas listed

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2009-10, Village High School qualified for Title I Targeted Assistance funding and is subject to comply with Title I program requirements.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, the school website, eConnection, the school bulletin board, Facebook, and the "Village Newsletter". Contact the principal at (925) 426-4260 for more information on how to become involved in your child's learning environment.

✓			

Rating Description

Exemplary: The school meets most or all standards of good repair. Deficiencies noted, if any, are not significant and/or impact a very small area of the school.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Village High School's original facilities were built in 1955 and ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. Plans to build a new MPR room are in the approval process and will include:

- * Stage
- * Professional Kitchen
- * Food Service
- * Gymnasium
- * One classroom

Every morning before school begins, administrator(s) inspect the facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Village High School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Groundskeeping
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

Deferred Maintenance

Village High School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2009-10 school year, Village High School did not qualify to receive deferred maintenance funds for campus repairs and/or improvements.

Facilities Inspection

The district's maintenance department inspects Village High School on an annual basis in accordance with Education Code §17592.72(c)(1). Village High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Thursday, November 04, 2010. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2009-10, all restrooms were fully functional and available for student use.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, vice principal, and teachers patrol the campus, entrance areas, and designated common areas. The principal and vice principal monitor lunch time activity in the cafeteria and common student activity areas. At the end of the day when students are dismissed, the principal, vice principal, and teachers monitor student behavior and ensure students either leave campus or travel to after-school activities in a safe and orderly manner. To enhance two-way routine communication and facilitate an immediate response to urgent situations, the principal, vice principal, and office staff carry hand-held radios while on campus. Village High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Village High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include

child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan will be reviewed, updated, and discussed with school staff in the Fall of 2010.

Classroom Environment

Discipline & Climate for Learning

Village High School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Suspensions & Expulsions			
	VHS		
	07-08	08-09	09-10
Suspensions (#)	126	129	104
Suspensions (%)	62.38 %	63.86 %	45.22 %
Expulsions (#)	1	2	5
Expulsions (%)	0.50 %	0.99 %	2.17 %
	PUSD High Schools		
	07-08	08-09	09-10
Suspensions (#)	410	397	321
Suspensions (%)	7.99 %	7.84 %	6.29 %
Expulsions (#)	12	18	21
Expulsions (%)	0.23 %	0.36 %	0.41 %

This table illustrates the total cases (not number of days) of suspensions and expulsions, and includes students with multiple instances of suspension. For example, a student suspended in one month for 2 days and then suspended a month later for three days is counted as two cases of suspension.

Teaching Load

The Teaching Load Distribution table in this report illustrates the distribution of class sizes by subject area, the average class size, and the number of classes that contain 1-20 students, 21-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students.

Teaching Load Distribution Departmentalized Instruction				
Subject	2007-08			
	Avg. Class Size	Number of Classrooms		
		1-22	23-32	33+
English	19.0	10	1	1
Math	10.9	7	*	*

Science	15.8	5	*	*
Social Science	24.8	6	1	1

2009-10 data not available at the time of production of this report

Dropouts

Village High School's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include counseling and referral to an alternative high school setting. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program. In the following Dropout & Graduation Rates table, 2008-09 data is the most current information available, since state certification/release dates for dropout data occur too late for inclusion in this report. 2006-07 was the first year that dropout rates were derived from actual student-level data reported to the state by the school district. For the 2005-06 school year, dropout rates were calculated using the one-year rate formula: (adjusted grades 9-12 dropouts / grades 9-12 enrollment) * 100. Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Graduation & Dropout Rates			
	VHS		
	06-07	07-08	08-09
Dropout Rate	7.6%	5.4%	30.0%
Graduation Rate	87.3%	94.7%	70.0%
	PUSD		
	06-07	07-08	08-09
Dropout Rate	0.5%	0.4%	0.9%
Graduation Rate	97.9%	97.8%	96.4%
	California		
	06-07	07-08	08-09
Dropout Rate	4.4%	3.9%	4.5%
Graduation Rate	80.6%	80.2%	78.5%

Graduation Requirements

Students must accumulate 230 course credits, pass the math portion of CAHSEE, pass the language arts portion of CAHSEE, earn a

passing grade in Algebra 1, demonstrate proficiency in the area of technology, and participate in 20 hours of community service to receive a high school diploma from Village High School. Alternative methods of acquiring a diploma are available through the Continuation School and Adult school for those students who have been unsuccessful in a high school environment or have exhausted their opportunities to remain at Village High School. The following table illustrates the percentage of students graduating from Village High School who have met both CAHSEE and district graduation requirements.

Percentage of Students Passing CAHSEE & Meeting District Graduation Requirements* 2008-09**		
Village High School	PUSD	California
70.5 %	96.4 %	78.4 %
Graduation Rate Formula: # of Graduates divided by CBEDS 12th Grade Enrollment		

* The state requires disaggregated data for numerically significant subgroups to be disclosed; however, the statistical data necessary to provide disaggregated results were not collected by the state and are not available for disclosure at the time this report was published

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Village High School revolve around the California State Content Standards and Frameworks. During the 2009-10 school year, Village High School held three staff development days devoted to:

- Data Analysis
- First Aide, CPR, Diabetes Awareness and Epi-Pen Training
- EQUITY Training
- Student Health Issues: Suicide, Depression
- Professional Learning Communities

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, district benchmark results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Village High School supports ongoing professional growth throughout the year on minimum days. Teachers met in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula. During the 2009-10 school year, Village High School's teachers attended the following events hosted by the Pleasanton Unified School District:

- Technology

- Strategies and Resources for Arts Integration
- Collaborative Curriculum Design
- Serving Students with ASD in the Schools
- Assessment of Language and Communication in Culturally and Linguistically Diverse (CLD) Populations

Village High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Staff Development Days Three-Year Trend

3	3	3

Instructional Materials

All textbooks used in the core curriculum at Village High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Tuesday, September 14, 2010, the Pleasanton Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution 20010-2011.02 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2010-11 school year, Pleasanton Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to

take home. These materials complied with the state's content standards and curriculum frameworks.

The textbooks and instructional materials used by the school are the most recently SBE adopted instructional materials.

School Leadership

The administrative team is comprised of the principal and the vice principal, who work closely with teachers, parents, and school staff. Principal Greg Giglio is responsible for the day-to-day operations of the school and overall instructional program. The principal and vice principal work as a team to fulfill the many responsibilities associated with running an effective educational program.

Principal Greg Giglio has been in the educational field for 13 years and serving Village High School for four years (as of 2009-10). Previous positions held in other schools include: vice principal and classroom teacher. Principal Greg Giglio holds a bachelor's degree in Journalism and a master's degree in Educational Leadership.

College Preparation & Work Readiness

College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. The adjacent table illustrates the proportion of courses taken and successfully completed in relation to the number of course enrollments (sum of total enrollment in all classes).

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the University of California Website at <http://www.universityofcalifornia.edu/admission/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University Website at <http://www.calstate.edu/admission/>.

The 2009-10 data contained in this UC/CSU Courses chart is draft data and will be changed once the numbers are finalized.

Students Enrolled in UC/CSU Courses 2008-09*

Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their freshman year, students meet with the counselor to discuss their four-year academic plan and are introduced to Village High School's technical and career education programs; the counselor meets at least once a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. Village High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school:

- Work Experience
- Regional Occupational Programs
- Workability
- Career/Partnership Academies
- Career Pathways
- Vocational Education Courses

Individual student assessment of work readiness skills takes place through:

- End of course exams
- Completion of course-required projects
- On-the-job observation
- Classroom observation

Work experience students are partnered with local employers that provide on-the-job training and mentoring for students 16 years of age or older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement. For more information, students should contact the counselor.

Regional Occupational Programs (ROP) are offered in partnership with the Tri-Valley Regional Occupational Program. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

Workability provides work experience opportunities outside the school day that meet the students' interests and aptitudes while providing real-world job experience prior to graduation. The program is available to all students with disabilities who have an Individualized Education Plan.

Village High School's career/partnership academies are a "school within a school"; program components include rigorous academics with a career focus, a team of teachers, and active business involvement. During the 2009-10 school year, Village High School offered the following career academy programs:

- Information Technology
- Hospitality, Tourism, and Recreation

Students enrolled in the career/partnership academies are enrolled in core classes where instructional content is more closely related to the student's chosen field of study. Core curriculum teachers and partnership academy teachers collaborate regularly to ensure three-year terms and coursework are in alignment with state standards and students' needs.

During the 2009-10 school year, Village High School offered the following career technical education programs as elective courses:

- Agriculture and natural resources
- Education, child development, and family services
- Hospitality, tourism, and recreation
- Information technology
- Marketing, sales and service
- Transportation

Professional Staff

Counseling & Support Staff

Village High School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Village High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Counselors & Support Personnel (Nonteaching Professional Staff) 2009-10		
	No. of Staff	FTE
Counselor	1	1.0
Health Clerk	1	0.2
Nurse	1	*
Psychologist	1	0.5
School Resource Officer	1	*
Speech Therapist	1	*

* as needed
FTE = Full-Time Equivalent

Teacher Assignment

During the 2009-10 school year, Village High School had 19 teachers who met all credential

requirements in accordance with state guidelines. The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant." Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. In the table below, which identifies the number of classrooms taught by NCLB-compliant and non-compliant teachers, high poverty schools are those schools in the highest quartile for student participation defined by the free and reduced price meal program. Low poverty schools are those schools that are in the lowest quartile of program participation.

Percentage of Core Classes 2009-10		
	Taught by NCLB-Compliant Teachers	Taught by non-NCLB-Compliant Teachers
Village High School	97.6 %	2.4 %

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2008-09 salary comparison data was the most recent data available at the time this report was published.)

Salary Comparison 2008-09		
	PUSD	State Average of Districts in Same Category
Beginning Teacher Salary	\$55,646	\$41,155
Mid-Range Teacher Salary	\$80,752	\$65,379
Highest Teacher Salary	\$98,045	\$85,049
Superintendent Salary	\$229,952	\$194,802
Average Principal Salaries:		
High School	\$143,656	\$121,513
Percentage of General Fund Expenditures for:		
Teacher Salaries	43.2%	39.9%
Administrative Salaries	5.2%	5.1%

Expenditures Per Student

For the 2008-09 school year, Pleasanton Unified School District spent an average of \$8,453 of total general funds to educate each student (based on 2008-09 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Pleasanton Unified School District receives state and federal categorical funding for special programs. For the 2008-09 school

year, the district received categorical, special education, and support programs funds for:

- ARRA: State Fiscal Stabilization Fund
- CA High School Exit Examination
- CA School-Age Families Education Program (Cal-SAFE)
- California Instructional School Garden
- California Peer Assistance & Review Program for Teachers (CPARP)
- Economic Impact Aid (EIA)
- English Language Acquisition Program, Teacher Training & Student Assistance
- Gifted & Talented Education (GATE)
- Instructional Materials
- K-12 Service Learning Initiative (CalServe)
- Lottery: Instructional Materials
- Professional Development Block Grant
- Pupil Retention Block Grant
- Regional Occupation Centers and Programs (ROC/P)
- School & Library Improvement Block Grant
- School Safety & Violence Prevention, Grades 8-12
- Special Education
- Supplemental School Counseling Program
- Teacher Credentialing Block Grant
- Teacher Recruitment/Incentives
- Tenth Grade Counseling
- Title I
- Title II
- Title III
- Title IV
- Tobacco-Use Prevention Education
- Transportation
- Transportation: Special Education
- Vocational Programs

Disclosure

The statistical information disclosed in this report is obtained from the California Department of Education and the Pleasanton Unified School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials and school facilities sections were acquired in December 2010.
