

Tree Ornament Inequality Thanksgiving Assignment

(5 points for solving - 5 points for decorating - 10 points total)

Directions: Find the x-intercepts. Show all steps.

Hint: This means the same thing as find the roots. Next, cut around the lines decorate the ornament. You can be as creative as you want. (Ex: Bordering it with construction paper, using glitter, using markers, ribbons, etc.) The ornament will go on our tree after break.
