DIRECTIONS: Due Wednesday—don't be late because we will be discussing this in class.

Write, or type, a grammatically correct paragraph for each of the 3 questions, at least five lines each.

1. What if you were the best/strongest/fastest person on your sports team? How would you feel if members of your team found out that your father had lost his business or his job? Why would you feel that way?

2. What if you moved from one place to another and the customs were all new and different to you? How would you deal with that change? And how important would that move (and change) be to you?

3. Are there any traditions that your family used to do that they don't do anymore? (If the answer is no, pretend!) Why did the traditions change? And how do (would) you feel about it?

4. Is there any belief that you used to have that you don't believe anymore? What changed you?
