

Why Floresville ISD is the best choice for your child.

Floresville offers big city educational opportunities in a small, hometown environment. Our students are not lost in the crowd. They learn to rise above expectations in an environment that places character and values on equal footing with academics and extra-curricular achievement.

EVERY TEACHER, COUNSELOR AND STAFF MEMBER IS COMMITTED TO YOUR CHILD
FISD has a dedicated, highly qualified staff that cares about the success of every child. We are committed to going above and beyond.

FISD BELIEVES IN PARTNERING WITH PARENTS AND THE COMMUNITY
We are committed to building relationships with parents and the community knowing that, together, we can prepare all FISD students for prosperous lives.

FISD DEVELOPS THE WHOLE CHILD
Part of helping our students create prosperous lives is achieved by promoting personal development. A strengths-based focus on "what is right" with learners and educators leads to academic success, and our focus on character develops concern and care for those around us.

FISD STUDENTS ARE POST-SECONDARY READY
At FISD, we provide options for all students. Our college going culture instills the belief that college is possible for every student. Accelerated academic programs are offered K-12. As a result of our partnership with Alamo Colleges, FHS parents saved over \$400,000 last year alone with dual credit options for students. We also know that college isn't for every student so we offer trade certifications for those who want to start a career after graduation.

FISD PROVIDES STUDENT FOCUSED LEARNING THAT EXCEEDS STATE STANDARDS
Our classrooms are focused on providing challenging, meaningful learning experiences for students. Innovative learning is facilitated with technology, engaging students with vivid images, video and audio. Teachers work collaboratively to provide cutting edge instruction and measure individual student growth, resulting in high academic achievement.

FISD PROVIDES EXTRA CURRICULAR OPTIONS THAT CHALLENGE STUDENTS MENTALLY & PHYSICALLY
FISD has a wide variety of award winning sports, arts and academic extra-curricular programs so that students can find their strengths and experience teamwork, commitment and success.
