

Whitehouse Independent School District Board members held a special called meeting followed by a workshop Tuesday.

During Tuesday's meeting, Board members approved out-of-state trips for a Whitehouse High School FCCLA student.

Following the meeting, Board members held a workshop to hear a preliminary report presented by Dr. Arnold Oates of Texas School Planning, Inc. Dr. Oates began consulting with WISD this spring to evaluate the District facilities, economic trends, and current and future needs of the District.

Dr. Oates compiled the results of his study and rated each WISD facility. He then gave the board possible facility improvement recommendations. The preliminary recommendations were presented in detail, outlining the cost of each.

A finalized report will be given to Board members after all requested information is obtained.
