

Sierra Gardens Program

We can help you grow YOUR own food.

Why Garden?

- Get more exercise and reduce stress.
- Bring family and neighbors together .
- Reduce your environmental impact.
- Save hundreds of dollars a year in grocery bills for more nutritious produce.
- Improve your diet, with fresh foods that help protect against diseases like diabetes & cancer.

How it works:

Sierra Harvest will set you up for a lifetime of fresh vegetables at your home, business or organization.

We will:

- Visit your site
- Help you install or revamp your garden including; bed preparation, fencing, compost and irrigation.
- Provide seasonal starts and seeds at just the right times
- Offer monthly gardening and cooking classes
- Provide on-going mentorship to support your success.

Get Started!

Now accepting applications for **SPRING** installations.
