

NEWTON'S 1ST LAW TEST AND BINDER CHECK

...at a glance

What to expect on the test...

- Vocab matching – 1 point each
- “Think & explain” type problems – 2 or 3 points each.
- Calculations – 2 or 3 points each

What to study for...

- Vocabulary!
- Know & understand Newton's 1st Law of Motion.
- Understand the connection between mass & inertia.
- Be able to use Newton's 1st Laws to describe or explain the outcome of a scenario.
- Know how to calculate weight & mass..
- Calculate net force and how it's related to equilibrium.

Binder Check

- Remember the following...
 - ▣ Have your binder nice and neat.
 - ▣ Have both your table of contents (hand outs and notes), word wall, and equation chart be up to date.
 - ▣ Have everything in order according to table of contents.
 - ▣ Number your pages on each page of notes!
 - ▣ Make your notes colorful.
- Will be making sure you have the following notes, questions, and summaries for...
 - ▣ “Geocentric Universe”
 - ▣ Newton’s 1st Law
 - ▣ Net Force Notes
