

Begin with a word. The last letter of the word becomes the first letter of the new word.
 The game ends when you repeat** or have a word that ends with ん
 (no Japanese word begins with ん)

For this extra credit, each word (with English) counts as 1/2 point (100 points max).
 You may only use words from your vocabulary lists or your textbook.

*Repeats do not count as extra points.

**For this assignment, you will be allowed to use a word twice (just to keep going).

You may interchange 'ten-ten', 'maru', and small やゆよ letters with original letters.

example: し for しゃ or が for か

You may play the game three times.

Use the following words to begin your game(s):

Game 1 あさ Game 2 いす Game 3 にく

1	あさ	morning	1	いす	chair	1	にく	meat
