PREAMBLE

This is an Agreement made and entered into this 10th Day of March 2014, between the **CALIPATRIA UNIFIED SCHOOL DISTRICT** and the **CALIPATRIA UNIFIED TEACHERS ASSOCIATION**, affiliated with the California Teachers Association and National Education Association.

The articles and provisions contained herein constitute a bilateral negotiated agreement “Agreement” by and between the Governing Board of the Calipatria Unified School District “District” and the Calipatria Unified Teachers Association “Association” CTA/NEA, an employee organization.

This Agreement is entered into pursuant to Chapter 10.7, Sections 3540-3549 of the Government Code.

ARTICLE I

RECOGNITION

The Calipatria Unified School District confirms its recognition of the Calipatria Unified Teachers Association, affiliated with CTA and NEA, as the exclusive representative for that unit of certificated employees recognized by the District per its Resolution No. 327, dated May 24, 1976. This unit includes, but is not limited to, all classroom teachers, counselors and resource personnel, as per PERB Board rulings.

ARTICLE II

ASSOCIATION RIGHTS

The Association and its members shall have the right to make use of school equipment, buildings and facilities at all reasonable hours. Such equipment shall include typewriters, mimeographing machines, other duplicating equipment, calculating machines, and all types of audio-visual equipment when such equipment is not otherwise in use.

The Association shall have the right to post notices of activities and matters of Association concern on Association bulletin boards, at least one of which shall be provided in each school building in areas frequented by teachers. The Association may use the District mail service and teachers' mailboxes for communications to teachers. The Association will provide copies of materials to the boxes of the site principals at the time they are distributed.

Names, addresses and telephone numbers of all District teachers shall be provided without cost to the Association within two weeks after the first day of classes and within two weeks of hiring during the school year (unless a teacher submits a written request that his name, address or telephone number not be included).

By December 15, the Board shall furnish the Association with the placement of certificated personnel by name on the respective salary schedules with actual salary paid as of December 10.

A copy of the official agenda of the regular meetings of the Board of Trustees, with any trustee proposed policy changes, will be given to the Association president at the same time given the Board members.

In the event of special-called meetings of the Board of Trustees, the Association president will be provided one-day notice with an agenda and similar related attachments. The Association will be provided, at reasonable cost, with copies of minutes of official Board meetings and all other non-confidential documents related thereto which are distributed to members of the Board.

The Association will be provided with one hour during pre-school orientation to be used for the purpose of orienting teachers who are new to the District with regard to their rights and responsibilities as teachers and contract explanations. The aforementioned meeting may coincide with a general meeting of all certificated personnel.

The Association recognizes that the District needs to retain management rights for its management representatives to provide an efficient District operation. The right to manage the school district is retained by the Board except as limited by this Agreement. Nothing herein shall be construed as prohibiting meeting and consulting between the Board's representatives and the Association on matters of educational policy and other mutual matters between both parties of this Agreement.

ARTICLE III

PROFESSIONAL DUES OR FEES AND PAYROLL DEDUCTIONS

The Board agrees to deduct from the salaries of the teachers dues and assessments for the Association as said teachers individually authorize the Board to deduct and to transmit the monies promptly to the agency so designated by the Association.

The Association may require the unit member to maintain membership for the duration of the contract. The Association is to have control and notify the District who is in or out of the Association.

Deductions referred to will be made in ten (10) equal monthly installments. The Board will not be required to honor for any month's deductions any authorizations that are delivered to it later than fourteen (14) days prior to the distribution of the payroll from which the deductions are to be made.

Upon appropriate written authorization from the teacher, the Board shall deduct from the salary of any teacher and make appropriate remittance for annuities, credit union, savings bond, and group insurance premiums. Any other plans or programs may be jointly approved by the Association and the Board.

ARTICLE IV

GRIEVANCE PROCEDURE

A. Definitions

1. A “grievance” is a formal written allegation by the bargaining unit member or the Association that the bargaining unit member has been adversely affected by a violation of the specific provisions of this Agreement. Actions to challenge or change the policies of the District as set forth in Board Policies or procedures adopted by the Superintendent or his designee must be undertaken under separate legal process. Other matters for which a specific method of review is provided by law or by rules of the employer are not within the scope of this procedure.
2. A “grievant” is a member of the unit or the Association.
3. A “day” is a day in which the Administrative office of the District is open.
4. The “immediate supervisor” is the lowest level administrator having immediate jurisdiction over the affected bargaining unit member who has been designated by the Superintendent to adjust grievances.

B. Informal Level

Before filing a formal written grievance, the grievant shall attempt to resolve it by an informal conference with the affected bargaining unit member’s immediate supervisor.

C. Formal Level

1. Step 1

- a. Within twenty (20) days after the occurrence of the act or omission, or within twenty (20) days after the grievant knew or reasonably should have known of the act or omission giving rise to the grievance, the grievant must present such grievance in writing on the appropriate form developed by the District to the immediate supervisor.
- b. This statement shall be a clear, concise statement of the grievance, the circumstances involved, the decision rendered at the informal conference, under B above, and the specific remedy sought.
- c. The immediate supervisor shall communicate a decision to the employee in writing within ten (10) days after receiving the grievance. If the immediate supervisor does not respond within the time limits, the grievant may appeal to the next step.

- d. Within the above time limits, either party may request a personal conference with the other party.

2. Step 2

- a. In the event the grievant is not satisfied with the decision at Step 1, the grievant may appeal the decision on the appropriate form to the Superintendent or designee within ten (10) days.
- b. The statement should include a copy of the original grievance, the decision rendered, and a clear, concise statement of the reasons for the appeal.
- c. The Superintendent or designee shall communicate a decision within ten (10) days after receiving the appeal. Either the grievant or the Superintendent or designee may request a personal conference within the above time limits. If the Superintendent or designee does not respond within the time limits, the grievant may appeal to the next step.

3. Step 3

- a. In the event that the grievant is not satisfied with the decision at Step 2, he/she may request to the Superintendent that the grievance be submitted to a neutral arbitrator. Such request must be in writing, filed within ten (10) days with the Superintendent, and be accompanied by a written statement from the Association agreeing to take the grievance to arbitration.
- b. If no agreement on a mutually acceptable arbitrator can be reached within ten (10) days after the written request is made, the Association shall request a list of arbitrators from the California Conciliation Service. All lists shall contain only names of neutrals who have issued at least ten (10) arbitration decisions since 1976 involving public school employers in California. Arbitration proceedings shall be conducted in accordance with the Voluntary Labor Arbitration Rules of the American Arbitration Association.
- c. The award of the arbitrator shall be binding on grievances concerning alleged violations occurring after July 1, 1985.
- d. It shall be the function of the arbitrator to recommend a settlement, if necessary, which will resolve the grievance. The arbitrator shall be subject to the following limitations:
 - (1) The arbitrator shall have no power to add to, alter, subtract from, disregard, change, or modify any terms of this

Agreement; but shall determine only whether or not there has been a violation of this Agreement as complained of by the grievant.

- (2) The arbitrator shall have no power to establish salary structures.
- (3) The recommended settlement of the arbitrator shall be based solely upon the evidence and arguments presented to him/her in the presence of the parties, and upon any post-hearing briefs of the parties.
- (4) The arbitrator shall have no power to recommend or resolve any of the following:
 - (a) The termination of services or any other disciplinary action or failure to reemploy any member of the unit unless such disciplinary action is specifically covered by an express provision of this Agreement.
 - (b) Any claim or complaint for which there is another remedial procedure or course established by statute or by regulation having the force of law, including any matter specified in the Education Code but not including an alleged violation of the Educational Employment Relations Act.

All fees and expenses of the arbitrator shall be shared equally by the District and the Association. The District shall only bear its own expenses.

If the District claims that a grievance should be dismissed because, for example, it falls outside the scope of the procedure, or was filed or processed in an untimely manner, such a claim shall be heard and ruled upon at the hearing prior to the receipt of evidence on the merits. If the District should choose to refuse to arbitrate a dispute, nothing in this section shall preclude the Association from seeking, through appropriate administrative judicial proceedings, to compel the District to proceed to arbitration.

The arbitrator shall have no power to render a recommended settlement on a grievance filed before thirty (30) days after the effective date of this Agreement or after the termination of this Agreement.

D. Miscellaneous

No grievant shall use the grievance procedure to appeal any decision of the District or its representatives if such decision is pursuant to any order of or written agreement with any state or federal court, regulatory commission or agency.

No grievant shall use the grievance procedure to change any practice, policy or decision of the District unless such practice, policy or decision is contrary to the specific provisions of this Agreement.

For purposes of efficiency, the District or its representatives may consolidate grievances involving similar issues.

Grievances will be filed and processed on the attached forms.

No unit member shall be discriminated against illegally merely and only because he/she filed a grievance or participated in this grievance procedure.

ARTICLE V

SALARIES

- 5.1 Increase each cell of the 2012-13 Salary Schedule by four percent (4%) retroactive to the beginning of the 2013-14 school year for bargaining unit members who are employed as of February 11, 2014.

Beginning with the 2014-15 school year, teachers will receive their salaries over 11 months.

- 5.5 Extra Assignments

The District and the bargaining unit member may mutually agree that the member may teach one additional period beyond his/her teaching assignment. Compensation shall be prorated by multiplying the daily rate of pay times the number of actual instructional minutes divided by the total instructional minutes of the regular day added to the members' regular salary if the assignment is for the full year, or prorated if for less than the year.

$$\text{Example: } \$108 \times \frac{60}{360} = \$108 \times \frac{1}{6} = \$18 + \$108 = \$126$$

The hours of Counselors will be from 8:00 a.m. to 4:00 pm (30-minute lunch period). The extra duty stipend shall be computed as 17.45% of his/her pay. Example: Placement on salary schedule divided by 186 times 201 days times 17.45%*

- 5.6.1 Curriculum and Instruction Coach

The District will pay each unit member assigned duties as a curriculum coach his/her daily rate for each day of required performed service prorated for partial days of required performed service.

5.6.2 Curriculum and Professional Development

Payment under this proposal is conditioned on the following requirements:

1. Each stipend will be divided among the unit members participating in the activity. The list of unit members and the share of the stipend allocated to each unit member will be developed by the Association and provided in writing to the District.
2. Prior to paying the stipend, the District must receive the completed written product, which has been determined by the District Superintendent or his/her designee to be satisfactory according to the objectives and standards of the Plan.

5.7 Dean of Students

The District may assign a unit member to the Dean of Students position, with the unit member's consent. The Dean of Students will have five (5) class periods per day reserved for this assignment in lieu of an assigned student period, to be scheduled by the site administrator. The unit member will teach two periods, as assigned by the site administrator. The hours of the Dean of Students will be from 7:30 a.m. to 4:00 pm (30-minute lunch period) and serve one additional month (20 days) of extra duty beyond the standard work year.

5.8 Lead Teacher

The District may assign a unit member to a position of Lead Teacher, with the unit member's consent. In total, the Lead Teacher shall provide 206 days of service paid at his/her daily rate of pay. The extra duty stipend shall be computed as 14.6%. This shall replace the Lead Teacher stipend of \$5,250. Example: Placement on salary schedule divided by 186 days times 206 days times 14.6%.

5.9 Language, Speech and hearing Specialist

Effective July 1, 2007, the Extra Duty Schedule (Exhibit C) will be amended to include the following: Speech Therapist: 190 day contract. Extra Duty Stipend \$16,275.05

5.10 Achievement Award Program

- a. The parties agree to an Achievement Award program rewarding unit members at each school site which reaches its performance targets as recommended by the State of California under the Academic Performance Index and School Site Employee Performance Incentive programs (the "API program"). The amount of \$60,000 will be equally distributed to all unit members at all school sites meeting those targets.
- b. The formula for distribution, including part-time employees, newly-hired employees, and multi-site employees, will be: all unit members at all of the qualifying school(s) shall together receive an award amount, pro-rated for time assigned to the qualifying school(s), determined by dividing \$60,000 by the sum of the annual base salaries for all unit members at the qualifying school(s). The payment will be made as soon as reasonably possible after the District has received official notice that it has reached the performance targets under the API program for the first school year in which the District qualifies as a Basic Aid District. For informational purposes only, this official notice is normally received by the State from the District in the Fall next following the school year to which the API scores apply. The payments will be a one-time payment made "off the salary schedule," and will be made to those unit members who are employed by the District as of the date of payment or who retired under STRS service retirement effective during the school year to which the API scores apply.
- c. The same program will be implemented based on the API program scores for the second year in which the District qualifies for Basic Aid status, except the amount to be distributed among all eligible unit members will be \$120,000.
- d. This provision is contingent, for each of these two years, on the District qualifying as a Basic Aid District during that fiscal year under applicable state law. At the end of the second year, this provision will automatically expire without further notice, unless extended pursuant to the collective bargaining process. Upon expiration, this provision shall not constitute the status quo pending completion of negotiations on a reopened or successor agreement or an established practice.

ARTICLE VI

EMPLOYEE BENEFITS

6.1 Increase the cap the District contributes toward employee benefits to each tier by seven percent (7%) retroactive to October 1, 2012.

Employee Only	354.89	7%	379.73
Employee + 1	634.29	7%	678.69
Employee + Family	713.67	7%	763.63

6.2 In the event that the cost of any of the above benefits should exceed the District contribution, the District is authorized to deduct the balance automatically from each employee's paycheck.

6.3 The parties may mutually agree to modify the employee benefits so as to prevent the premium costs from exceeding the above maximum contributions.

6.4 The District shall contribute for part-time employees who are employed half-time or more that proportion of the above amount as their hours bear to a full-time teaching assignment, to be used toward the purchase of the above-mentioned health insurance programs, if the employee contributes the remaining balance by automatic payroll deduction.

- Preferential consideration within each of the two (2) categories enumerated above shall be given to current employees on a rotating offering, subject to (a) proper credentials to perform the services required, and (b) seniority. TRANSFERS AND REASSIGNMENTS

Voluntary Transfer/Reassignment

A transfer is the movement of a unit member from one work location to another work location, or from one program to another program such as year-round education, restructured schools, or reconfiguration.

A reassignment is the movement of a unit member from one subject area to another subject area, one grade level to another grade level, or from one configuration to another such as team teacher, restructuring, or other reconfiguration within the same worksite.

Unit members who desire a change in grade and/or subject assignment or who desire a transfer to another school site may file a written statement of such desire with the Superintendent not later than May 8. Such statement will include the grade and/or subject to which the unit member desires to be assigned and the school or schools to which he/she desires to be transferred, in order of preference.

Transfer to another position shall be based upon a consideration of a change in the entire nature of the job, increased or reduced responsibilities, quality of work performed based on the unit member's California Teachers Standards based evaluation and length of service in the District.

If the unit member's request for transfer is denied, the unit member shall be granted, upon request, a meeting with the administrator who denied the request to discuss the reasons for the denial. The unit member may be accompanied by a representative if he/she do desires. The unit member may request and shall receive written reasons for the denial following said meeting. A transfer request shall not be denied without basis in fact.

If the unit member requests that his/her application for transfer be kept confidential, the supervisor at his/her worksite shall not be notified by the District of the application.

Unit members returning from leave shall be afforded all rights provided under this section.

Involuntary Transfer/Reassignment

Unit members who are transferred/reassigned during the work year shall be allowed two days of paid release time for preparation prior to the effective date of the transfer/reassignment.

The District shall provide assistance in moving a unit member's material whenever a unit member is transferred/reassigned.

Notification of Assignment

Each unit member shall be given written notice not later than June 1 of the next year's assignment. Such notice shall specify the school, grade, grade level, subject area and position to which the unit member will be assigned.

District employees are assigned to various duties by their immediate supervisors upon approval of the Superintendent. Necessary changes in assignments may be made at any time.

Assignment Limitations

Unit members shall be assigned only to positions for which they hold a valid California credential, and for which they are qualified.

At a unit member's sole discretion, the unit member may agree to an assignment outside the unit member's credential authorization(s), providing that the District shall secure all necessary waiver, permit or board authorization.

At the end of the school year, the unit member, at his/her discretion, may withdraw from the voluntary assignment.

Vacancies

A vacancy is any position that does not have a unit member assigned to it. This includes any vacated, promotional, or newly created position, including positions created by reconfiguration or restructuring and any supplemental instructional programs offered by the District.

Unit members within the District shall have the right to make a request for a transfer to fill positions arising from resignations, deaths or other causes.

Upon knowledge of vacancies, the District shall post in all worksites a list of all vacancies which occur during the work year and for the following work year. The list shall contain the following:

1. The closing date which is at least five (5) working days following the posting date.
2. A job description.
3. Credentials and qualifications necessary to meet the requirements of the position.

No assignment to fill the vacancy shall be made until after the closing date.

When vacancies occur in the staff during the summer vacation, unit members shall be considered for such vacancies by providing the District Office with a letter indicating preference for these positions and requesting to be considered for such vacancies.

The District shall, upon request by a unit member, notify that unit member by mail of any posted openings which may arise during the summer recess, intersession or period of leave. The unit member's request must be in writing and must include a mailing address.

The district shall solicit voluntary transfers by advertising within the District for vacancies before hiring or interviewing outside of the District.

ARTICLE XII

LEAVES

Sick Leave

Every unit member shall be entitled to ten (10) days of paid sick leave each year of employment.

Unused sick leave shall accrue from school year to school year.

The Board shall provide each unit member with a written statement by June 30 of each year of his accrued sick leave.

Leave to Care for Sick Child, Parent, or Spouse (effective January 1, 2000)

- (a) This leave is provided to meet the express minimum requirements of California Labor Code Section 233, to the extent that section is applicable to public school districts, and the provisions of this section shall be interpreted in accordance with that section. The District shall permit any bargaining unit member to use in any calendar year the unit member's accrued and available full-pay sick leave entitlement as provided above, in an amount not to exceed the sick leave that would be accrued during six months at the employee's then current rate of entitlement, to attend to an illness of a child, parent, or spouse of the employee. All conditions and restrictions placed by the District upon the use by an employee of sick leave also shall apply to the use by an employee of sick leave to attend to an illness of his or her child, parent, or spouse. This section does not extend the maximum period of leave to which an employee is entitled under Section 12945.2 of the Government Code or under the federal Family and Medical Leave Act of 1993 (29 U.S.C. Sec. 2606 et seq.), regardless of whether the employee receives sick leave compensation during that leave.
- (b) As used in this section:
- (1) "Child" means a biological, foster, or adopted child, a stepchild, a legal ward, or a child of a person standing in loco parentis.
 - (2) "Parent" means a biological, foster, or adoptive parent, a stepparent, or a legal guardian.
 - (3) "Sick Leave" means accrued increments of compensated leave provided under this Article XII, Sick Leave, for use by the employee during an absence from the employment for any of the following reasons:
 - (A) The employee is physically or mentally unable to perform his or her duties due to illness, injury, or a medical condition of the employee.
 - (B) The absence is for the purpose of obtaining professional diagnosis or treatment for a medical condition of the employee.

- (C) The absence is for other medical reasons of the employee, such as pregnancy or obtaining a physical examination.

“Sick Leave” does not include any insurance benefits, workers’ compensation benefit, unemployment compensation disability benefit, or benefit not payable from the District’s general assets.

- (c) This section and any practice hereunder shall automatically be terminated and have no further force or effect in the event that the District receives official notice, by chaptered legislation or otherwise, that Labor Code section 233 has been amended by the Legislature or interpreted by a court of competent jurisdiction to be inapplicable to public school district certificated employees.
- (d) In the event that the District receives official notice, by chaptered legislation or otherwise, that sick leave under Labor Code section 233 and/or this provision has been amended by the Legislature or interpreted by a court of competent jurisdiction so that it is superceded by or runs concurrently with personal necessity leave or other fully-paid leave provided to unit members under other applicable law or other provisions of this Agreement, then this section and any practice hereunder shall automatically and immediately be implemented in accordance with that amendment or interpretation.

Maternity Leave

The District shall provide for leave of absence from duty for any certificated employee of the District who is required to be absent from duties because of pregnancy, miscarriage, childbirth and recovery therefrom. The length of the leave of absence, including the date on which the leave shall commence and the date on which the employee shall resume duties, shall be determined by the employee and the employee’s physician. Disabilities caused or contributed to by pregnancy, miscarriage, childbirth and recovery therefrom are, for all job-related purposes, temporary disabilities and shall be treated as such under any health or temporary disability insurance or sick leave plan available in connection with employment by any school district. All written and unwritten employment policies and practices of the District shall be applied to disability due to pregnancy, miscarriage, childbirth and recovery therefrom on the same terms and conditions applied to other temporary disabilities.

Any unit member shall have the right to utilize sick leave provided for in Article XII, Section 1, for absences necessitated by disability due to pregnancy, miscarriage, childbirth and recovery therefrom.

An employee may have paid leave at the time connected with the birth of his child.

Child-Rearing Leave

Upon request, the District may provide a male or female unit member who is a natural or adopting parent an unpaid leave of absence for the purpose of rearing or caring for his or her child. A unit member shall, if possible, notify the District that he or she requests to take such leave at least four (4) weeks prior to the anticipated date on which the leave is to commence.

Extended Illness Leave

1. During each school year, when a bargaining unit member has exhausted all available sick leave, including all accumulated sick leave, and continues to be absent from his or her duties on account of illness or accident for an additional period of five (5) school months, whether or not the absence arises out of or in the course of the employment of the bargaining unit member, the amount deducted from the salary due him or her for any of the additional five months in which the absence occurs shall not exceed the lesser of fifty percent (50%) of the unit member's daily rate or the sum that is actually paid a substitute employee employed to fill his or her position during his or her absence or, if no substitute employee was employed, the amount that would have been paid to the substitute had he or she been employed. The District shall make every reasonable effort to secure the services of a substitute employee.
2. For purposes of Section 1 above:
 - a. The sick leave, including accumulated sick leave, and the five-month period shall run consecutively.
 - b. A bargaining unit member shall not be provided more than one five-month period per illness or accident. However, if a school year terminates before the five-month period is exhausted, the bargaining unit member may take the balance of the five-month period in a subsequent school year.
3. The amount paid the substitute employee during any month shall be less than the salary due the bargaining unit member absent from his or her duties.
4. This section shall be applicable whether or not the absence from duty is by reason of a leave of absence granted by the District.
5. When a bargaining unit member has exhausted all available sick leave, including accumulated sick leave, and continues to be absent on account of illness or accident for a period beyond the five-month period provided pursuant to this section, and the bargaining unit member is not medically able to resume the duties of his or her position, the bargaining unit member shall, if not placed in another position, be placed on a reemployment list for a period of twenty-four (24) months if the bargaining unit member is on probationary status, or for a period of thirty-nine (39) months if the bargaining unit member is on permanent status. When the bargaining unit member is medically able, during the 24 or 39-month period, the bargaining unit member shall be returned to employment in a position for which he or she is credentialed and qualified. The 24-month or 39-month period shall commence at the expiration of the five-month period provided pursuant to Section 1.

Industrial Accident and Illness Leave

Section 44984 of the Education Code is supplemented as follows:

- Industrial accident illness leave applies from the first day of such absence from duty to and including the last day of such absence from duty, but not exceeding 60 (sixty) working days in any one fiscal year for the same industrial accident and illness leave.
- The total of the unit member's temporary disability indemnity and the portion of salary due him during his absence shall equal his full salary.
- A teacher shall be deemed to have recovery from an industrial accident or illness, and thereby able to return to work, at such time as he and his physician agree that there has been such a recovery.
- An industrial accident or illness as used in this paragraph means any injury or illness whose causes are related to the performance of his duties for the District.
- The District's report of an industrial accident or illness shall be kept on file in the District office.
- The benefits provided in this paragraph are in addition to sick leave benefits. Accordingly, the District shall not deduct accumulated sick leave from the sick leave allotment of a teacher who is absent less than sixty (60) days as the result of an industrial accident or illness.

Personal Necessity Leave

Personal necessity leave shall be limited to circumstances significant in nature which the member of the unit cannot reasonably be expected to disregard. Absences pursuant to this leave provision normally necessitate the member's immediate physical presence elsewhere and involve matters which cannot be accomplished at any other time.

In a single school year a maximum of seven (7) days of accumulated sick leave may be used for personal necessity reasons as defined in this provision.

No Advance Permission Required (Category I)

Under personal necessity leave, the member of the unit shall not be required to secure advance permission for leave taken for any of the following reasons:

- Death or serious illness of a member of his/her immediate family, relatives, or close friends. (Serious illness is defined as illness where death is imminent, may result in permanent disability, or requires hospital surgery. The members of the immediate family are those persons identified in the rules governing bereavement leave.)
- Accident, involving his/her person or property, or the person or property of a member of his/her family.
- Imminent danger to the home of a member of the unit, occasioned by an event such as flood or fire, serious in nature, which under the circumstances the member cannot

reasonably be expected to disregard, and which requires the attention of the member during the member's assigned hours of service.

In cases in which no advance permission is required by the provision, the member should provide the principal or immediate supervisor with notification of the circumstances as soon as possible so that a substitute may be obtained. Where no advance permission is required, the member shall fill out the necessary absence forms upon his/her return.

Prior Notification Required (Category III)

Each member of the unit shall be allowed, upon prior notification to the principal, seven (7) days in any school year for reasons of personal necessity not covered in Categories I and II above. However, the maximum number of members of the unit to be granted this type of personal necessity leave for any one day at a given school shall not exceed two (2) of the members on that campus. The granting of requests by the principal for such leave will be on a "first-come-first-serve" basis up to but not exceeding the authorized limit per day per school.

In Category III where prior notification is necessary when a member of the unit must be absent from work, it is his/her responsibility to notify his/her principal as soon as possible in advance of the absence and to verify the cause upon his/her return under category "personal" on the Calipatria Unified District Cause of Absence form.

Personal Necessity Leave shall not include any of the following:

- Attendance at or participation in functions or activities which are primarily for the employee's pleasure, amusement or personal convenience.

- Extension of holidays or vacation periods for personal convenience.
- Accompanying a spouse on a trip when such travel is not otherwise authorized by these rules.
- Seeking or engaging in remunerative employment.

Prior Notification Required (Category IV)

Of the seven (7) days allowed for personal necessity leave, each member of the unit shall be allowed, upon prior notification to the principal, two (2) days in any school year for observance of days which the employee conscientiously believes are of such special significance that it is to him/her a matter of “personal necessity” to absent himself/herself from duty. The maximum number of members of the unit to be granted this type of personal necessity leave for any one day at a given school shall not exceed two (2) of the members on that campus. The granting of requests by the principal for such leave will be on a “first-come-first-serve” basis up to but not exceeding the authorized limit per day per school.

In Category IV where prior notification is necessary when a member of the unit must be absent from work, it is his/her responsibility to notify his/her principal as soon as possible in advance.

Payment for such leaves may be disallowed by the Board of Trustees on a determination by the Board that the employee abused the personal necessity Category IV provisions.

Personal Necessary Leave shall not include any of the following:

- Attendance at or participation in functions or activities which are primarily for the employee’s pleasure, amusement or personal convenience.

- Accompanying a spouse on a trip when such travel is not otherwise authorized by these rules.

If greater than 250 miles (one way), he shall be allowed five (5) days bereavement leave. Bereavement leave is granted for the death of any member of the unit member’s immediate family. Members of the immediate family means the mother, father, grandmother, grandfather, grandchild of the employee or spouse and the spouse, son, son-in-law, daughter, daughter-in-law, brother, or sister of the employee, or any living relative of the immediate household of the employee, or any other person for whom the employee is legally responsible.

Health Leave

Any mileage reimbursements made to the employee are to be retained by the employee.

Elected Office Leave

This Agreement provides that the District will continue to encourage professional development of teachers within the system. Teachers, with approval of the building principal, will be afforded two (2) days of professional leave each school year to visit other schools, universities and/or other similar visits to stimulate their professional growth.

Should it be necessary for a unit member to leave the District prior to the close of school to attend summer school elsewhere, the District would allow the employee to use accumulated sick leave for this purpose in addition to Educational Leave.

Association Leave

Official members of the Calipatria Unified Teachers Association, Imperial County Uniserv, California Teachers Association, and/or National Education Association, national legislative and/or executive bodies including officers, committee members, representatives at large, delegates to representative assemblies, members of the board of directors, or members of specially-created commissions may be granted leaves of absence without loss of salary and not be deducted from sick leave for meetings of the county, state, and/or national level subject to the following conditions:

Applications for long-term leave shall be made in writing and shall state the purpose for which leave is requested. All certificated employees recognized by this Agreement are to be evaluated in a regular and systematic method as described in Certificated Evaluation Form (attached as Exhibit J).

1. Teachers to be formally evaluated during the current year shall be so notified by October
 - a. Permanent teachers shall be evaluated no less than once every two years.
 - b. Beginning 2012-13, unit members with permanent status who have been employed at least ten (10) years with the school district, are defined as highly qualified by the federal No Child Left Behind Act of 2001, and whose previous evaluation rated the employee as meeting or exceeding standards, shall be evaluated every (3) years.
 - c. Probationary teachers shall receive a minimum of two formal evaluations a year, one prior to winter recess and one in the spring.
 - d. Permanent teachers receiving an overall unsatisfactory evaluation shall be evaluated on, at least, an annual basis, until the teacher achieves an overall satisfactory evaluation or is separated from the District.
 - e. Teachers hired after October 1 shall be formally evaluated as determined by the site administrator.
2. Permanent teachers not notified by October 1 shall not be formally evaluated unless the teacher has been given a thirty (30) day written notice no later than December 1 to institute the formal evaluation process. This evaluation notice must be approved by the District prior to implementation.
3. Nothing in the procedure shall preclude any additional evaluation conferences, observations, or formal evaluations at the discretion of the evaluator. Nothing in this procedure shall preclude the teacher from requesting additional conferences or evaluations.
4. The final evaluation shall be delivered to the teacher no later than May 1. The judgments reached by the evaluator are not subject to the grievance procedure.
5. The evaluator shall be the unit member's immediate supervisor and/or other site/central office administrator.

Any employee who receives an unsatisfactory evaluation may be provided a subsequent performance evaluation if the District deems it appropriate using the same evaluation procedure as described above. The evaluator of the employee will take affirmative steps to assist the employee to make the necessary improvements in instruction to overcome the unsatisfactory evaluation. Such help will include specific recommendations for improvement and assistance in implementing the recommendations for improvement.

Every employee shall be informed immediately of any complaint made concerning him or her by parents or residents unless the District determines that informing the employee will impede the investigation, create a risk of injury to any person or damage to property, or is unnecessary because the complaint is without merit. Regardless, the employee will be notified in a timely manner of any District investigated complaint by a parent or resident.

The District recognizes that each new teacher in the District has potential needs for training, assistance, and evaluation. At the time a new teacher is assigned to a school within the District, he or she shall receive written assurance that the District recognizes such potential needs.

This provision is intended solely to comply with the requirements of Education Code Section 35160.5(b) and is intended to be used and shall be used for no other purpose whatsoever.

Nothing in this provision is intended to create any legal right or defense or discharge or release any legal duty or obligation held by any employee of the District. The parties agree that, during the 1999-2000 school year, the planning phase of the Immediate Intervention in Underperforming School Program (IIUSP) will be conducted and a written plan will be submitted to the state. In addition, other new state laws regarding student and school improvement will be implemented, generating new requirements and guidelines which will impact evaluation. In the event that the IIUSP plan and/or state law and guidelines require changes in the evaluation procedures in this Article or Policy 4520, either party may reopen this Article or Policy 4520 for negotiation by serving written notice on the other party. Negotiations will begin as soon as reasonably possible after notice. This provision is independent of the provisions in Article XXII.

Parents or guardians of pupils enrolled in the District may present informal (oral) and/or formal (written) complaints regarding employees to the District. Parents or guardians should be encouraged to present informal (oral) complaints first with the employee who is the subject of the complaint, or with that employee's immediate supervisor, prior to presenting any formal (written) complaint to the District.

Informal (Oral) Complaints: No record of any informal (oral) complaint shall be placed in the personnel file of an employee unless:

1. The employee's immediate supervisor or a designee conducts an investigation about the complaint. Such investigation may include a conference with the complainant, a District representative, the employee, and the employee's representative.
2. The employee has been given prior notice of the informal (oral) complaint and any record to be filed such that the employee has reasonable opportunity (ten calendar days) to present relevant information to his or her immediate supervisor or the Superintendent.

Formal (Written) Complaints: The District shall forward within ten (10) days to the employee any formal (written) complaint regarding that employee. An employee shall forward as soon as practical to the immediate supervisor any formal (written) complaint received by the employee regarding that

employee. No record of any formal (written) complaint or the complaint itself shall be placed in the personnel file of an employee unless:

1. The employee's immediate supervisor, the Assistant Superintendent or a designee conducts an investigation about the complaint. Such investigation may include a conference with the complainant, a District representative, the employee, and the employee's representative.
2. The employee has been given prior notice of the formal (written) complaint and any record to be filed such that the employee has a reasonable opportunity (ten calendar days) to present relevant information to his or her immediate supervisor or the Superintendent.

No record of any complaint shall be kept if an investigation by the District shows that the complaint has no merit, and/or the District believes that no record shall be maintained, or the complaint is proven to be false in the grievance procedure.

Anonymous complaints (either oral or written) shall not be processed pursuant to the provisions of this section.

These provisions shall be interpreted as policies pursuant to the requirements of Section 35160.5(c) of the Education Code and shall be reviewed annually consistent with any reopener procedures in the Agreement.

ARTICLE XIV

PERSONNEL FILES

The District shall not base any adverse action against a unit member upon materials which are not contained in such unit member's personnel file. Moreover, the District shall not base any adverse action against a unit member upon materials which are contained in such unit member's personnel file unless the materials had been placed in the file in a timely manner and the unit member had been notified at such time that such materials were being placed in the file.

Unless otherwise agreed to by the involved unit member, a unit member's personnel file shall not include ratings, reports or records which (1) were obtained prior to the employment of the teacher; (2) were prepared by identifiable examination committee members; or (3) were obtained in connection with a promotional examination.

A unit member shall be provided any negative or derogatory material before it is placed in his personnel file. He shall also be given an opportunity during the school day and with compensated release time to initial and date the material and to prepare a written response to such material. The written response shall be attached to the material.

Upon written authorization by the unit member involved, a representative of the Association shall be permitted to examine and/or obtain copies of materials in such unit member's personnel file at the cost of the Association.

The person or persons who draft and/or place material in a unit member's personnel file shall sign the material and signify the date on which such material was drafted.

The District shall keep a log indicating the persons, except District management and confidential employees, who have requested to examine a personnel file as well as the dates such requests were made. Such log shall be available for examination by the unit member or his Association representative, if so authorized by the unit member.

Access to personnel files shall be limited to District management, trustees and confidential employees on a need-to-know basis. The contents of all personnel files shall be kept confidential.

The District shall maintain the unit members' personnel files at the District central office. No hearsay evidence shall be placed in an employee's personnel file.

ARTICLE XV

EMPLOYEE WORKING HOURS

All certificated employees recognized by this Agreement will be assigned appropriate working hours provided that the total on-site workday will be no more than 7.5 hours, including at least a thirty minute duty-free daily lunch period, but excluding faculty meetings, parent-teacher meetings, back-to-school and open house meetings and similarly related school functions with which they are involved. Employees are to be on duty in their assigned classroom fifteen minutes before and fifteen minutes after the student school day, unless otherwise assigned by the administration.

On July 10, 2000, as an outgrowth of Immediate Intervention/Underperforming School Program, the Board approved an Early Start Time and Variable Release Time Schedule (Early Release Day) at all school sites to allow for instructional planning and professional growth in-service. At least one Early Release Day per month shall be designated for grade level planning.

Faculty meetings for the school shall be planned with an agenda and scheduled as far in advance as possible, provided that no faculty meeting shall be held before 8:00 a.m., unless by mutual consent. Employees may place items on the agenda to be discussed after the regular agenda items have been discussed.

When not engaged in actual classroom instruction during the school day, the employee is expected to devote such time to supervision of pupils, preparing for instruction, and conferring with or counseling students. Employees are not to leave the school site during the workday except during the duty-free lunch period unless the employee has obtained prior authorization from the site administrator.

Intermediate (grades 5-6), Junior-High and High School Employees will have forty-five (45) minutes or an instructional period set aside by the building principal for preparation and planning for classroom instruction daily. The school site principal may, when necessary, request an employee who has a preparation period to cover a class for another employee who is away from his/her assignment for such reason. Pay for said use of preparation periods will be paid pursuant to Article V, Section 5.3.

The District and the C.U.T.A. agree that the District is authorized to implement a seven-period instructional day, in which affected bargaining unit members will be required to teach no more than six periods per day, except as provided in this article regarding class coverage during preparation periods.

The District shall determine that length of periods and the duration of the school day, consistent with legal requirements regarding instructional minutes; not to exceed a seven and one-half (7-1/2) hour working day per individual teacher.

No teacher in grades 9 through 12 may be assigned a course schedule which requires daily preparation for more than four different academic courses. The District Superintendent shall make

the final determination of whether a teacher's schedule exceeds the limit specified above after consultation with the individual teacher. An "academic course" shall mean a course within one of the following subject areas: Mathematics, Science, Social Studies, English, Spanish, and French. "Different" shall mean the course requires the teacher daily to prepare lesson plans which vary significantly and such variation is made necessary by the nature of the curriculum which the teacher is required to follow, and such variation cannot reasonably be avoided by the teacher.

6. If the Board does not provide such counsel and the unit member prevails in the proceeding, then the Board shall reimburse the unit member for counsel fees incurred by him in his own defense.
7. The Board shall reimburse unit members for any insurable claims for any loss or destruction of clothing or personal property of the unit member while on duty in the school, on the school premises, or on a school-sponsored activity. The total reimbursement shall not exceed \$500 per incident. The unit member is responsible for the following, in order to be eligible:

Reasonable suspicion may result from actual observation of the use or ingestion of a substance by an employee. It may be based on reliable information that the employee is currently using or has recently used or possessed a controlled substance, or open container with alcohol on the job. Reasonable suspicion may result from an observation of physical symptoms such as but not limited to slurred speech or sleeping on the job.
- 10. By June 30, 1993, no employee shall smoke at any workplace. The term workplace includes all District property including parking areas. No employee shall smoke in the presence of a pupil at any place while the employee is acting within the scope of employment. Any employee who smokes at any workplace, or in the presence of a pupil at any place while the employee is acting within the scope of employment, is subject to discipline pursuant to applicable Board Policy and Education Code. Possession of legal tobacco or tobacco products is not prohibited. During the 1992-1993 school year the District will provide quit smoking assistance of the District's choice to employees who request it.

No employee shall drive a District vehicle within eight (8) hours of consuming any alcohol. “Scope of Employment” for the purpose of this policy does not include any period of time after normal work hours when an employee is not performing required or voluntary services at the request of or for the benefit of the District. “Scope of Employment” also does not include presence at a voluntary social activity in the evening related to any conference, workshop, seminar or similar event where attendance is approved by the District. No employee, however, shall drive to or from any such event while possessing, consuming or being under the influence of alcohol. Any employee who possesses, uses or is under the influence of alcohol at any workplace or at any place while the employee is acting within the scope of employment is subject to discipline, up to and including dismissal, even for a first violation. Any employee who is convicted of driving under the influence of alcohol with a pupil or another employee while acting within the scope of employment and/or driving a District vehicle may be dismissed, even for a first violation.

12. No employee shall manufacture, distribute, dispense, possess, consume or be under the influence of illegal drugs or controlled substances at any workplace. The term workplace includes all District property including District vehicles and parking areas. No employee shall manufacture, distribute, dispense, possess, consume or be under the influence of illegal drugs or controlled substances at any place while the employee is acting within the scope of employment. Any employee who manufactures, distributes, dispenses, possesses, uses or is under the influence of illegal drugs or controlled substances at any workplace or any place while the employee is acting within the scope of employment is subject to discipline, up to and including dismissal, even for a first violation. Any employee who is convicted of driving under the influence of illegal drugs or controlled substances with a pupil or another employee while acting within the scope of his/her employment and/or driving a District vehicle may be dismissed, even for a first violation.

The terms illegal drugs and controlled substances include all chemical substances or drugs listed in any controlled substance laws or regulations. They include, but are not limited to:

Stimulants, which speed up central nervous system activity, e.g., amphetamines, cocaine and similar drugs.

writing within five (5) days of any conviction of driving while being under the influence of drugs or alcohol while the employee is acting within the scope of employment. A conviction includes any finding of guilt, including a no contest plea, or imposition of a sentence.

14. The District encourages and will reasonably assist any employee with an alcohol or drug dependency to seek treatment or rehabilitation. The District will reasonably accommodate any employee with an alcohol or drug dependency, as long as such reasonable accommodation does not impose an undue hardship on the District. Sick leave may be used by an employee for treatment or rehabilitation of an alcohol or drug dependency by a physician or other professional specializing in such treatment or rehabilitation. An employee will be permitted to participate in outpatient treatment and inpatient treatment unless such participation imposes an undue hardship on the District. The District does not allow or tolerate unsatisfactory job performance because of alcohol or drug dependency or use.
15. An employee or an employee's personal property will not be searched without the employee's consent, but the District may discipline any employee up to and including dismissal if the employee refuses to consent to a search by law enforcement personnel after also being advised that a refusal to consent subjects the employee to discipline. Any such discipline shall not be based solely on the refusal but shall be based on the reason(s) for the requested search. If police find there is no reasonable grounds to search, no disciplinary action will be taken.
17. The District, when there is a reasonable suspicion, may request that an employee submit to drug or alcohol testing. The employee may ask that the request for drug testing be given in writing. Reasonable suspicion normally requires either information from a reliable informant or another reasonable ground for suspecting that the testing will turn up evidence that this policy has been violated. A reasonable ground includes but is not limited to the employee appearing to be under the influence of alcohol or drugs, the employee is found in possession of alcohol or suspected controlled substances, the employee is involved in an accident whose nature indicates possible impairment of ability or judgment, or the employee is involved in an accident in which a safety precaution was violated or a careless act was performed. The District also may request that an employee subject to drug or alcohol testing when the employee seeks to return to work after being absent for treatment or rehabilitation for alcohol or drug dependency.

An employee is not required to submit to drug or alcohol testing without the employee's consent, but the District may discipline any employee up to and including dismissal if the employee refuses to consent to such testing. Any such discipline shall not be based solely on the refusal, but shall be based on the reason(s) for the requested testing. No discipline shall

be imposed, however, unless the employee is advised as to the reason for the testing, and the employee refuses to consent to the testing after being advised that a refusal to consent subjects the employee to discipline.

The District representatives requesting the testing normally should escort the employee to the independent laboratory and/or clinic selected by the District.

The independent laboratory and/or clinic requested to conduct any testing shall be instructed to:

- a. Ask the employee to provide a specimen. Test the specimen for the presence of any prohibited substances.
- b. Preserve and mark all specimens yielding positive results.
- c. Return the lab report and any other information showing results to the District with written consent of employee as specified in Section 17 of this article.

If the first laboratory tests show positive results, the specimen will be tested again using a different confirmatory test methodology. The employee may be asked to provide an additional specimen under the procedures described above.

District representatives will attempt to interview any employee where a test shows positive results. The employee will be given an opportunity at such interview to explain the positive test result.

18. Testing reports will be treated similarly to other confidential personnel documents which have restricted access.
19. If the results of any employee's drug test prove to be negative, no record of the testing will be placed in the employee's personnel file and the test results will be destroyed unless the employee requests otherwise.

- 19.3.2 If the date of the emergency falls after Spring Break the District will apply for a J-13 waiver under the provisions of Education Code law. Should the waiver be denied, then the makeup date will be rescheduled by the District.
- 19.3.3 In rescheduling missed days, the District shall take into consideration:

- 19.3.5 An emergency day will be defined as any situation where the safety or health of the students and/or employees of the District would be at risk as determined by the Superintendent.
- 19.3.6 Inservice days shall be determined by the District, not to exceed eight (8) days.
- 19.4 The parties shall meet and negotiate the calendar no later than January 10, of the preceding school year.

The Association shall designate two (2) representatives who shall receive a reasonable amount of release time without loss of compensation to attend negotiations, one (1) representative for the processing of grievances, and any others participating in the hearing.

ARTICLE DELETED

ARTICLE XXVI

PEER ASSISTANCE AND REVIEW PROGRAM

1. This Article is intended to implement the provisions of Chapter 4 of the Statutes of 1999 with respect to the Peer Assistance and Review Program (PAR), as it may be amended, and any applicable regulations. The District may take such action as it determines to be necessary to achieve and maintain compliance with applicable law and regulations, including but not limited to future amendments to applicable law and regulations requiring coordination of the PAR program with the Beginning Teacher Support and Assessment Program, the California Pre-Internship Teaching Program, District internship programs, and other professional development programs, so long as the action does not violate a specific provision of this Article.
2. As soon as permitted by law after ratification of the collective bargaining agreement containing this Article, the District shall provide the required certification that PAR will be implemented beginning July 1, 2000, or upon ratification, whichever is later. Effective on July 1, 2000, or upon ratification, whichever is later, the mentor teacher program and all obligations, rights, activities and practices related to that program shall automatically terminate.
3. Implementation of PAR is contingent upon official notification by the State that the District is eligible for and will be receiving all of the District's share of the funds specified in Chapter 4 of the Statutes of 1999 for PAR. Upon receipt of the notification, the District and the Association will arrange for establishment of the Joint Teacher/Administrator Review Panel:
 - 3.1. The Joint Teacher/Administrator Review Panel:
 - 3.1.1 The panel will consist of five (5) employees of the District. Three (3) members of the panel must be classroom teachers chosen by other classroom teachers by secret ballot. The Association representative at each school site will conduct the election. "Classroom teacher" means a bargaining unit member whose duties as assigned by the District require the unit member to spend more than half of the duty day providing direct instruction to students in classrooms. The other two (2) members will be selected by the District Superintendent or his/her designee, who will also designate one of them as Chair of the Panel for the initial start up year. The Chair will serve for one (1) year. The next Chair will be appointed by the classroom teachers on the Panel, and the selection thereafter will alternate annually between the District and the classroom teachers on the panel.
 - 3.1.2 Panel members will serve for a two (2) year term. No classroom teacher may serve for more than two (2) consecutive terms as a panel member.

- 3.1.3 The District will provide to the classroom teachers on the panel up to two (2) days of release time per teacher panel member per year for purposes of conducting classroom observations of classroom teachers being considered for appointment as Consulting Teachers.
 - 3.2 Through the site administrator/evaluators, the District will notify the panel in writing of those teachers being required to participate in PAR by the District based on one or more unsatisfactory performance evaluations.
 - 3.3 The Superintendent or his/her designee will notify the panel in writing of those permanent classroom teachers who volunteer to participate in PAR.
 - 3.4 The panel will submit a budget annually to the Superintendent for his/her approval, in time for consideration as the District develops its overall budget. The Superintendent or his/her designee will notify the panel in writing of the deadline for submission of the budget. If the budget is not approved, the panel and the Superintendent or his/her designee may discuss it in an attempt to resolve the disagreement. If no agreement can be reached between the Superintendent/designee and the panel, the panel may submit its budget to the Board of Trustees. The panel will have an opportunity to present its rationale for its budget to the Board. The Board's decision will be final.
 - 3.5 The panel will develop and implement the training program for panel members and Consulting Teachers.
 - 3.6 Notify the participants in writing of their participation in PAR.
4. The panel, as soon as its members are appointed, shall begin the process of recruitment and selection of Consulting Teachers. That process will be completed within twenty (20) days of selection of the members of the panel. A "day" for purposes of this section means a day on which the District Office is open for business.
 - 4.1 In order to be eligible for selection, Consulting Teachers shall meet the following requirements:
 - 4.1.1 They must be permanent classroom teachers employed full-time by the District (subject to the provisions of Section 9).
 - 4.1.2 They must have substantial recent experience in classroom instruction. This shall mean at least five (5) years of experience as a classroom teacher, which must include at least three (3) of the last five (5) years prior to the year of selection.
 - 4.1.3 They must have demonstrated, in the judgment of the panel, exemplary teaching ability as indicated by effective communication skills, subject matter knowledge, and mastery of a range of teaching strategies necessary to meet the needs of pupils in different contexts.

- 4.2 The panel shall develop and follow written procedures and criteria for recruitment and selection of the Consulting Teachers, which will be in accordance with this Article and applicable law, and will be applied in a reasonable and consistent manner. Consulting Teachers will be selected by a majority vote of the panel and placed on a list. No more than five (5) Consulting Teachers may be on the list at any one time. The panel will assign each participating teacher to a Consulting Teacher on the list (subject to the provisions of Section 9). Consulting Teachers will serve on the list for a two (2) year term. No employee may serve for more than two (2) consecutive terms as a Consulting Teacher. A Consulting Teacher may not be appointed to a position requiring an administrative credential in the District while serving as a Consulting Teacher or for one (1) year following the completion of service as a Consulting Teacher.
 - 4.3 The panel shall conduct multiple classroom observations of each candidate for Consulting Teacher prior to selection. The term “multiple” shall mean at least two observations per candidate. The observations may be scheduled or unscheduled in the discretion of the Panel.
 - 4.4 Each applicant for Consulting Teacher will submit three (3) references from individuals with specific knowledge of the applicant’s expertise, including but not limited to an administrator, an Association representative, another classroom teacher, or another certificated or classified employee. All applications shall remain confidential.
 - 4.5 The Panel’s selection procedures, activities, and criteria, and its judgments regarding selection, retention and removal of Consulting Teachers, shall not be subject to the grievance procedure.
 - 4.6 The Panel may remove a Consulting Teacher from that assignment. The Consulting Teacher will be compensated on a pro-rata basis for the length of service in the position prior to removal.
5. The panel will also perform the following functions:
 - 5.1 The panel will design and implement the process for recruitment of volunteers as soon as possible after notification of District eligibility for PAR from the State.
 - 5.2 Review and analyze peer review reports prepared by the Consulting Teachers. The panel will complete this process in accordance with timelines which permit the timely completion of the evaluation process.
 - 5.3 Make recommendations to the Superintendent or his/her designee and to the Governing Board regarding participants in PAR, including providing names of participants not able to demonstrate satisfactory improvement after getting sustained assistance.

- 5.4 A participant will be allowed one appeal to the panel regarding the panel's assignment of a Consulting Teacher to the participant. The participant will be allowed to meet with the panel to present the participant's rationale for requesting a different Consulting Teacher. The participant may be represented by the Association at the meeting.
 - 5.5 Annually evaluate the impact of the PAR program by using, among other things, interviews or surveys of the PAR participants.
 - 5.6 Submit recommendations for improvement of the PAR Program to the Governing Board and the Association.
6. The assessment, and recommendations of the panel and the peer review reports by the Consulting Teachers shall be advisory only, for the benefit of the participating teacher and the District. They shall in no way limit the District's discretion or authority with regard to decisions and actions regarding the employment status of any employee. The fact that the employee is participating in PAR will not create any right or expectancy of continued employment by the District for any period of time.
 7. With respect to each individual teacher participating in PAR, the principal or his/her designee will:
 - 7.1 Provide written and clearly stated performance goals which are aligned with pupil learning and are consistent with the Stull Act. Each participant will be expected to cooperate with the Consulting Teacher and the principal or his/her designee.
 - 7.2 Communicate an expectation of and strong encouragement for a cooperative relationship between the Consulting Teacher and the principal or his/her designee with respect to the process of peer assistance and review. The panel will develop standards and guidelines to be used by the Consulting Teacher in working with and assessing participants. This will include but not be limited to timelines for completion of peer review reports for submission to the panel. The Consulting Teacher should confer regularly with the principal or his/her designee regarding the implementation of the PAR program with respect to each individual participant. The Consulting Teacher's final peer review report will be forwarded to the panel and to the principal or his/her designee.
 - 7.3 Provide or refer the participant to sufficient staff development activities to assist the participant to improve teaching skills and knowledge. The principal or his/her designee may require or recommend participation in such activities, in the discretion of the principal, pursuant to the provisions of Education Code section 44664(b) and other applicable law. The Consulting Teacher may recommend participation by the participant in such activities. If the participant fails to follow the recommendation, the Consulting Teacher may request that the principal or his/her designee recommend participation in such activities. Nothing in this Article shall be interpreted to entitle a participant to compensation for staff development activities which is not provided for expressly elsewhere in this Agreement.

- 7.4 Place the final evaluation of a participant in PAR in the personnel file maintained by the District with respect to the participant. The results of the participation in PAR shall be part of the Stull Act evaluation. However, those results are advisory only, and the District will remain responsible for the evaluation and assessment of the participant's performance. The participating teacher shall have the right to submit a written response to the final PAR report within twenty (20) calendar days of receipt, after which the PAR report will be placed in the personnel file. The participating teacher will also have the right to request within five (5) days (as defined in this Article above, Section 4) of receipt of the final PAR report a meeting with the panel to discuss the final PAR report and may be represented at the meeting by an Association representative.
8. Each Consulting Teacher will have responsibility for no more than four (4) participating teachers. The Consulting Teacher shall meet with the participating teacher to discuss the PAR program, to establish performance goals consistent with applicable guidelines and the areas of concern, if any, revealed on performance evaluations, develop an assistance plan and a process for determining successful completion of the PAR program. In the event the Consulting and Participating Teachers are unable to agree on the goals, the Consulting Teacher will determine the goals. The Consulting Teacher will conduct multiple observations of the participating teacher during classroom instruction and other duties and may have both pre-observation and/or post-observation conferences. Pre- and post-observation conferences are encouraged under appropriate circumstances. The Consulting Teacher shall monitor the progress of the participating teacher and shall make periodic written reports to the participating teacher and the participating teacher's immediate supervisor regarding the participant's progress.
9. The District will also establish a monitoring component for PAR with a written record. The District, in its discretion, may enter into agreements with other Districts to combine PAR programs, so long as those agreements do not violate a specific provision of this Article.
10. Compensation shall be provided as follows:
- 10.1 Bargaining unit members serving on the panel shall be paid \$1,200 per year.
- 10.2 Bargaining unit members serving as Consulting Teachers shall be paid \$1,300 per participating teacher per year, pro-rated for partial years, based on the number of participating teachers assigned by the Panel.
- 10.3 Compensation is not provided for participation in PAR.
- 10.4 Any additional time beyond the Consulting Teacher's required workday in excess of twenty five (25) hours per participating teacher per year shall be paid at the Extra Duty Hourly Rate, if the Superintendent or his/her designee and the panel mutually agree to approve the excess time in writing in advance.

11. Functions performed by bargaining unit members as part of the PAR program shall not constitute either management or supervisory functions. The Consulting Teacher shall continue all rights and responsibilities of bargaining unit members.
12. Panel members and Consulting Teachers may disclose information about participating teachers only as directly and actually necessary to carry out their duties under this Article.
13. Consulting Teachers are entitled to defense and indemnification for activities performed as part of the PAR program, as set forth in applicable provisions of the California Government Code.
14. This program shall be totally funded from State Funds provided for the PAR program. No funds from the General Fund shall be utilized.
15. In the event that the District receives official notification from the State that the District will not be receiving in any year all of the District's share of the funds specified in ABX 1 (1999) for PAR or that there is any material reduction in funding entitlement or in the minimum required elements of PAR, the District may reopen this Article for negotiation by providing written notice to the Association. Work already performed will be pro-rated for the length of service until the time the District notifies the panel that services under this Article will not be continued and notifies the Association of the District's intent to reopen this Article for negotiation.
