Memo

To: Parents, Teachers, Students, and School Support Personnel
From: Mr. Scott Williams, CBISD Director of Maintenance
Re: Asbestos Law Compliance Notice

Columbia-Brazoria ISD has complied with federal law requiring schools to be inspected for asbestos and to develop management plans to address asbestos in schools. As required, each campus houses a copy of the management plan, and a copy of the master plan is housed at the District Service Center, Office of Plant Operations. These copies are available for viewing.

All questions concerning the asbestos in schools should be directed to Scott Williams, Director of Maintenance, at 979-799-1803.

Columbia-Brazoria ISD prohibits the possession, storing or application of any kind of pesticide on school premises, or as part of any of the district's activities, by unauthorized personnel.

A **pesticide** is defined as a substance or mixture of substances intended for destroying, repelling or mitigating any pest. (This includes items like glue boards, fly traps and cans of household insecticides.) A **pest** is any living thing that exists where it is not wanted. (As defined by the School IPM Regulation.)

Employees who violate this prohibition shall be subject to disciplinary sanctions.
