

PANORAMA COMMUNITY SCHOOL DISTRICT

STUDENT HEALTH SERVICES

Students are required to be in good health, as certified by their physician, prior to admission into school. Thereafter, the board retains the authority to deny continued enrollment if the student has not complied with the minimum immunization requirements as stated by the State Department of Health and to require at any time a certification of good health for any student.

Health services shall be coordinated with the health education and physical education curriculum and the guidance and counseling services. The goal of the health services provided by the school district is to help each student protect, improve, and maintain physical, emotional, and social well-being.

Nurses, other medical personnel, or other health services personnel employed by or requested to conduct services for the board shall hold and maintain a current Iowa license.

Some examples of health services school districts are or could provide are:

- Annual height and weight screening;
- Annual vision and/or hearing screenings;
- Sick child day care;
- Dental services;
- Lice screening;
- Health education;
- Blood pressure screening.

School districts are required to provide the following health services:

- Report communicable disease;
- Repost and maintain student immunization records;
- Report child abuse observed by certified personnel;
- Provide hazardous chemical disclosure.
