

Planned Giving

Including Presbyterian Pan American School in your estate planning establishes your personal commitment to the school's mission of providing young Christian leaders for the global community. When you make a gift to Pan American through your will, insurance policy, trust, retirement fund, or deferred gift, you are modeling the stewardship of your resources for generations to come. Through your gift you are giving the students who pass through our doors opportunities for a brighter future in service to Christ.

As you make plans to care for those you love and the causes that have touched your heart, we pray that you will consider Presbyterian Pan American School among those missions.
