To All Our Students In Room 81 (Part B)

Please go to the place where your previously finished work resides (on the bench) and be sure that your name(s) are on the upper right hand corner of each page.

Be sure that everyone who worked on that particular assignment is listed.

Type a list of all completed assignments by title and date (with all names) and attach it to one of your email addresses – and mail it to us (roomeightyone@aol.com) following prior instructions:

NO text in the body of the mail-

FULL names and period in the Subject space-

The list is an attachment.

Completed assignments are attachments.

If you must handwrite your work—do so neatly.

All student work will be graded as A, B, or C – unless you show little or no effort to apply yourself. Your current marks on file can be adjusted up or down based upon following instructions.

Regardless of whether your work is completed with our modern technology or in a fine hand you must create the binary email system. Your marks will be adjusted downward if you do not.
