

Mission

The mission of El Sereno Middle School and Woodrow Wilson High School is to empower all students with the skills and knowledge to become compassionate, inquisitive, principled young people who create a more peaceful world through global awareness, critical thinking, and a commitment to action and service.

Vision

Our vision is to create an academically rigorous school of international merit where all stakeholders function as a cohesive and collaborative learning community to ensure that all students succeed as knowledgeable, ethical and caring citizens of the world.

El Sereno Middle School An International Baccalaureate School

A Unique Opportunity for our
Middle School Students

Environmental
Science Academy

El Sereno is the only middle school with an academy of this kind!

Normally, we only see this type of academy at the high school level.

Our academy is now in its thirteenth year of existence and getting stronger every year. We have over 300 students in three grade levels who are enrolled in the academy.

Some students get the opportunity to spend three days camping, snorkeling and kayaking on Catalina Island!

Our students do a lot of work outside in the garden and outdoor classroom.

We take day trips to Cabrillo Beach, Monrovia Canyon, Eaton Canyon, Arroyo Seco, and Mount Baldy.

Being in the Environmental Science Academy you can expect:

- Academically rigorous, student centered instruction
- Project-based learning
- Hands-on activities reinforcing IB Learner Profiles aligned with Common Core State Standards
- Articulation and collaboration among and between grade levels
- Interdisciplinary Units
- Outdoor classroom
- Outdoor activities in our Environmental Science Garden

Teams:

6th Grade

- Mr. Anderson— Math/ Science
- Ms. Guzman— English/ History
- Ms. Hartley— Math/ Science
- Ms. Tenorio— English/ History

7th Grade

- Mr. Stover— Math
- Ms. Siebenthal— Science
