American Revolution notes

Pgs. 183 – 184

1. When the English settled in the Americas and formed the 13 colonies, how did the colonies thrive economically?
2. How did the colonists see themselves as far as their identity? Did they still consider themselves as British?
3. What were the trade laws that Parliament had passed in the 1660s? Why did they do?
4. What sparked growing anger in the colonies and why?
5. What was Britain's response to help pay the costs of the French and Indian War?
6. What was the Stamp Act (1765) and what did it do?
7. How did the colonists respond to these taxes from Britain? What happened to the Stamp Act in 1766?
8. Explain the phrase "No Taxation Without Representation" in your own words.
9. What was the "Boston Tea Party" and how did the British respond to it?
10. How did the colonists respond to British troops occupying (taking over) the city of Boston? What did the colonists do when the king ignored their complaints?
