You did it!</p>

### ASSIGNMENTS DUE EVERY FRIDAY!

Need help?... I am available during lunch and after school.

Do homework daily! Don't fall behind.

Memorize formulas, properties, and definitions.

Rework classwork and homework problems.

Try the free AP FRQ problems online (At a minimum you should skim through them, read the questions, be familiar with how to answer them.).

Purchase a study guide for extra practice.

The best way to study is to practice, practice, and practice.
