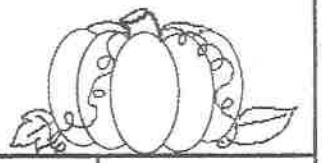
November



Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

Please record daily reading in minutes (up to a limit of 60 minutes per day). Write the number of minutes, and have an adult initial in each square of the calendar. Total all reading time that has been recorded. You can add across each week and down for the monthly total. Return this log on the last school day of each month with an adult's signature. We will keep track of and reward individual and class progress. Have fun!

*** Adult Signature** _____

(I have checked the math for this month!)
