

Frequently Asked Questions

Can I still contribute to the school if I already paid more in taxes through payroll deduction that I owed and am now due a refund?

You will receive up to \$400 more in your refund if you have already overpaid and you donate the maximum amount.

What if I owe additional monies for state income tax?

You may deduct up to \$400 from your taxes owed to offset like contributions to any school in Parker Unified School District.

For example:

If a total of \$1,000 was deducted from your earnings during the year, and at tax time your AZ income tax liability was only \$600, the AZ Department of Revenue would owe you \$400 without a school tax credit.

Your refund check: \$400

If, however, you had contributed \$400 to a public school, the AZ Department of Revenue would refund you the \$400 PLUS another \$400 refund for the school tax credit.

Your refund check: \$800

If a total of \$1,000 was deducted during the year and your total AZ income tax liability was \$1,400, you would still owe \$400. You could deduct your \$400 school tax credit from your tax balance due.

Your taxes still owed: \$0

Thank you!
