Stands Packed in Rebel-Colt Game

In a rematch between district rivals, tension was high before the game. Students from both schools were eager to play and take home a victory. Le Pera Elementary and Wallace Junior High are both in the Parker Unified School District so a friendly rivalry between teams can be expected. The bleachers in the Le Pera gym were filled from fans from both teams to cheer them on.

The Lady Rebels took the court first. Both teams fought hard, keeping the game close and even tied up at halftime. It was a back and forth game where either team could win. The teams were separated by one basket most of the game until the third quarter when Wallace took a jump ahead to win 24-17. Both the Colts and the Rebels demonstrated excellent sportsmanship and athleticism on the court.

When the boys team started warming up, the audience could feel the excitement. The Rebels started with a strong lead of 7 points, but the Colts were quick to catch up. The agility on the court was astounding as both teams raced to get a basket. The Colts took a lead in the second quarter, gaining a ten point lead leaving it 10-20 at halftime. However the game was far from over as the Rebels regrouped and quickly closed the gap, ending the third quarter with a five point lead! The crowd got louder and the game intensified as they headed into the fourth and final quarter of the game. Both teams went back and forth, leaving it close up until the final minute of the game. With a minute remaining and the Colts leading by one point, a technical foul by Le Pera led to Wallace gaining three points in a free throw. The game ended 43-39 and the Colts got the victory.

Despite a loss by both teams, it was a success for Le Pera. With a new sports program, it has been very exciting to watch these teams grow and compete. Principal Wedemeyer commented on the game saying, "I was so proud of both our teams. They both fought as hard as they possibly could and just came up a little bit short in the end. Two very exciting games that had everybody in the gym at the edge of their seats. It was also thrilling to see so many people in attendance. The gym was packed! It was a vision I was hoping for when we started putting this athletics program back together before the start of the year. "

Great game, Rebels!

Brain Booster Questions:

K-2: Fill in the blank: ☆ ○ ☆ _____

3-5: Who invented the telephone?

6-8: St. Augustine is the oldest city in the U.S.A. Is it in Massachusetts, California, or Florida?

Mrs.

Smith's class and Carina Sandoval from Mrs. McKenzie's class both chose a poster for their prize.

Congratulations!!! Keep Trying!!!

Up Coming Events

1/19 - No School

1/23 - Away Game VS Thunderbolt 3:30 & 4:30

1/23 - Full Day 3:30

Ms. Andresen

7th & 8th Reading/ Language

Greetings from Jr. High English Language Arts! I am back after taking a three month maternity leave. In October, I gave birth to a beautiful baby girl. I enjoyed my time bonding with her but, I'm happy to be back at school.

The 7th and 8th graders continue to practice their writing. 7th grade is going to start writing informative essays next week and 8th grade is writing persuasive essays.

Mrs. Smith

3rd Grade

3rd grade has been busy learning about living things, ecosystems and their populations and communities, as well as, how we can better protect our world. We are continuing to ask and answer questions about informational text and looking back to the text to find answers and we've created illustrations to support our text to better understand how illustrations support text. Time has been the standard in math and we are learning how to calculate elapsed time. I hope you got to join us , January 15th at 10:50 am for our 2nd Quarter Awards Assembly.

Stay warm!

Breakfast: Scrambled Eggs, Hash Brown, Fruit & Milk

Lunch: Hamburger Gravy over Mash Potato, Corn, Roll, Fruit & Milk

Friday

Breakfast: Cereal, Cheese Crisp, Granola Mix, Fruit & Milk

Lunch: Chef's Choice

Mr. Hazel

Physical Education

Hello everyone. In the gym the past couple weeks the students and I have been working on many different skills and activities. The past two week for K-2 students we began our scoops and scooters unit. This is where the students are working on hand eye coordination with scoops and learning scooter skills at the same time while playing different games. With my 3-5 grade students we have been enjoying a scooter hockey unit. The students have been learning many different hockey rules and regulations while playing on scooters. Finally with my 6th graders, we have been playing floor hockey while learning many rules and regulations involved in the game and also playing a floor hockey tournament. Overall we have been having a great time in the gym and learning many different skills and activities.
