

Board Conferences, Conventions, And Workshops

In keeping with the need for continuing inservice training and development for its members, the Board encourages the participation of members at appropriate workshops, and conventions. However, in order to control both the investment of time and funds necessary to implement this policy, the Board established these procedures:

1. A calendar of conferences, conventions, and workshops shall be maintained by the superintendent. The Board will periodically decide which meetings appear to be most promising in terms of producing benefits and select those in which it will participate.
2. Funds for participation at such meetings will be budgeted on an annual basis. When funds are limited, the Board will designate which of its members would be the most appropriate to participate at a given meeting. Board members will be reimbursed for travel and other expenses in accordance with Board policy.
3. When a conference, convention, or workshop is not attended by the full Board, those who do participate will submit a report on the meeting.
