P. Buckley Moss Foundation for Children's Education: Each year the Foundation for Children's Education has made available five \$1,000 grants to be awarded to educators who need money to further their program goals. The purpose is to aid and support teachers who wish to establish effective art learning tools to teach children with learning disabilities and other special needs.

Fund for Teachers provides grants directly to teachers, supporting their professional learning. Their experiences come in many forms, and share the purpose of enhanced teaching skills.

- <http://www.grantwrangler.com/>

Grant Wrangler is a grant listing service offered by Nimble Press at no charge. It makes it easier for teachers to search for grants by subject area, grade level, or grant name. With more than \$47 million in grants listed, Grant Wrangler's goal is to help more schools find funding for all areas of learning and growth for K-12 education. Search for the latest classroom and teacher grants or sign up for the monthly Grant Wrangler Bulletin on their website.

The Educator Grant program is designed to promote aerospace education activities in classrooms from kindergarten through twelfth grades. The program encourages the development of innovative aerospace activities within the prescribed curriculum. The program also encourages establishing an active relationship between the school and the local Air Force Association organization.

K-12 educators can apply for a grant of up to \$1,500 to be used towards innovative environmental education. Projects should support curricula that empower and encourage students to become involved in solving environmental and social problems as informed decision makers through an emphasis on the application of basic ecological principles.

K-12 teachers with a minimum of three years teaching experience as a full time teacher spending at least 50% of the time in a classroom or classroom-like setting, in an eligible area, can apply for this grant by designing a professional development experience. Eligible applicants may apply as an individual or as a team; the funding limit is \$5,000 per person and \$10,000 total per team of two or more. Applicants submit a written online proposal explaining how their experience will make them a better teacher and how the applicant's improved skills or capacity will be implemented in the classroom, benefiting students, curricula and school. In addition, applicants should supply information as to how they will document experiences and describe, in narrative form, their proposed fellowship budget.
