Virtual DNA Fingerprinting Lab

License Agreement

The *Virtual DNA Fingerprinting Laboratory 2.0* is the copyright of the Regents of the University of California.

The software is intended to provide a general introduction to the topic of DNA fingerprinting. Please note that some of the protocols have been simplified to lend themselves to this format. This is a work of fiction. Resemblance to any persons living or dead is purely coincidental. Any opinions, findings, conclusions, or recommendations are those of the authors and do not necessarily reflect the views of the NSF.

This program has been completely funded by the National Science Foundation (Grant BIR-8920216) and the University of California, and has not been supported, underwritten or influenced by any commercial organization or company in any way.

Virtual DNA Fingerprinting Laboratory 2.0 cannot be sold in any form, or be included with any product(s) being sold. This program is distributed free of charge to educators and may be installed on multiple computers or on a computer network for classroom use.

Please visit our web site at <http://ceprap.ucdavis.edu/Outreach/vdna.htm> to receive program upgrades and fill out a software evaluation.

If you have questions or comments regarding this software or CEPRAP's other educational programs, please contact:
