## [Ninth Annual Poetry Celebration](#)

The MRHS Library is preparing for its Ninth Annual Poetry Celebration on Wednesday, April 1st. English and World Language classes are invited to the celebration at which students and teachers will read selected poems that they have either written themselves or chosen from published works. Some participants will even read poems in other languages and translate them as well. The purpose of the Poetry Celebration is to provide our students with the opportunity to read poems aloud and hear poems being read aloud, which are both such important aspects to the appreciation of poetry. The picture below of the current library bulletin board fits well with this wonderful quote from Robert Frost, "Poetry is when an emotion has found its thought and the thought has found words."
