School Accountability Report Card

Craig C. Merrill, Principal

Principal, Global Education Academy

About Our School

Global Education Academy opened its doors in 2007 with the purpose of educating students for the demands of the future. GEA does this by creating a safe and challenging learning environment that emphasizes global awareness and leadership. The school is committed to providing students with a wide variety of linguistic, cultural and real life experiences to give students a true understanding and respect for all people, opportunities to apply and solve real world problems, develop 21st Century learning skills including communication, collaboration and creativity, opportunities to participate in meaningful communication to share and construct knowledge, and opportunities to collaborate with adults, peers and community members. GEA believes strongly in collaborative relationships and looks forward to partnering with parents and the community to ensure that education is a priority at all levels.

As a result of its commitment to educating all students, GEA has increased its API every year since 2010/11, and in August 2013 was named one of the top 10 charter schools in California by the Rossier School of Education at USC. GEA continues to improve its educational program and is gearing up to implement the Common Core State Standards and CAASPP testing in spring of 2015. Innovation is a hallmark of the educational process at GEA. The following pages will provide you with a snapshot of the progress we are making at GEA. If you have any comments or concerns do not hesitate in contacting us. We are always looking for ways to improve.

Data and Access

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the [California Department of Education \(CDE\) SARC Web page](#).
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012-13 Academic Performance Index Reports Information Guide located on the [CDE API Web page](#).

School Description and Mission Statement (School Year 2012-13)

ABOUT GEA

Global Education Academy (GEA) is a public charter school located just four blocks south of Exposition Park in central Los Angeles. GEA was founded in 2007 and currently serves 240 students in grades K-5. Approximately 95% of students are Hispanic, and 5% are African-American. GEA provides its students with a challenging curriculum that includes opportunities for project based learning, foreign language development, and community involvement. An extended day in conjunction with an after school program ensures that all students have access to a quality education.

MISSION STATEMENT

The mission of Global Education Academy is to create a safe and challenging learning environment that emphasizes global awareness and leadership. We are committed to provide students with a wide variety of linguistic and cultural experiences that give students the opportunity to develop a true understanding and respect for all people.

VISION STATEMENT

Global Education Academy will develop citizens of the world who are successful leaders not only in their local communities, but in the international community as well. Through a balanced curriculum that addresses academic, linguistic, social, physical, and emotional development, Global Education Academy students will close the achievement gap.

Opportunities for Parental Involvement (School Year 2012-13)

Parents are integral to the success of any child's academic endeavors, and as such must be included in all key aspects of student learning. Research has demonstrated that parental involvement has a positive impact on student learning (Chen, 2001, Educational Psychology Review). To achieve this, a school must provide open lines of communication among the parents, teachers, and administrators. For parental education and outreach programs to form the foundation of genuine parental involvement, all experiences must be meaningful and responsive to parents' cultural, economic and linguistic needs. Such programs assist parents to understand the goals and methods of schooling students for tomorrow's world.

GEA has many opportunities for parent involvement that include the School Advisory Council, Parent Tea's, Fundraising Events, etc. Parents are expected to volunteer for a minimum of 20 hours per month at school or at home helping out with materials preparation, school maintenance, or other organizational tasks.

The School Advisory Council is involved in the operations of the school in a variety of ways. One critical role is student fundraising. The members of the SAC committee work with the school staff to implement many fundraising events throughout the year. The earnings from these events are used for field trips and enrichment activities. The SAC committee and GEA staff have a strong commitment to help enrich the lives of the students, both culturally and academically.

Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

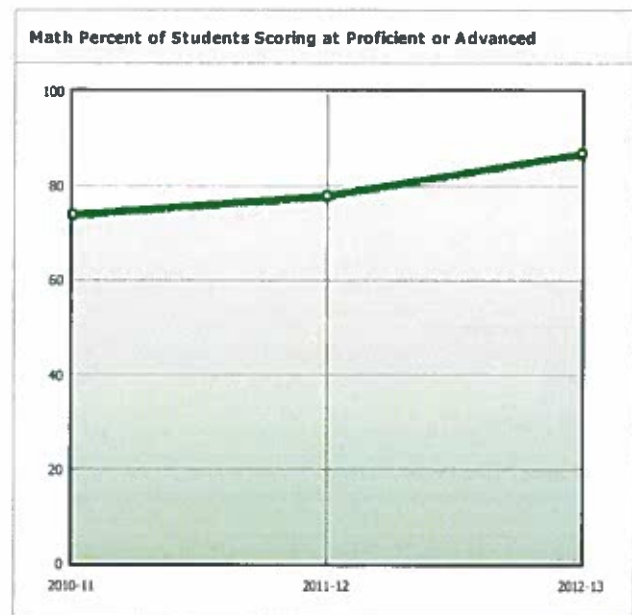

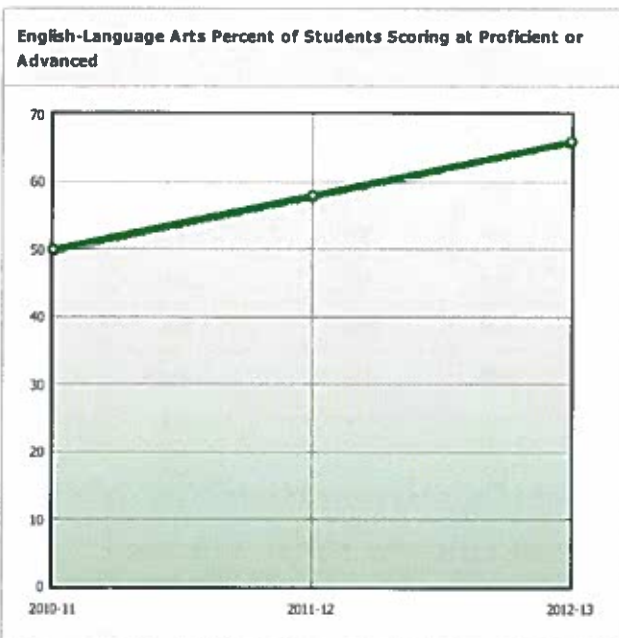

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

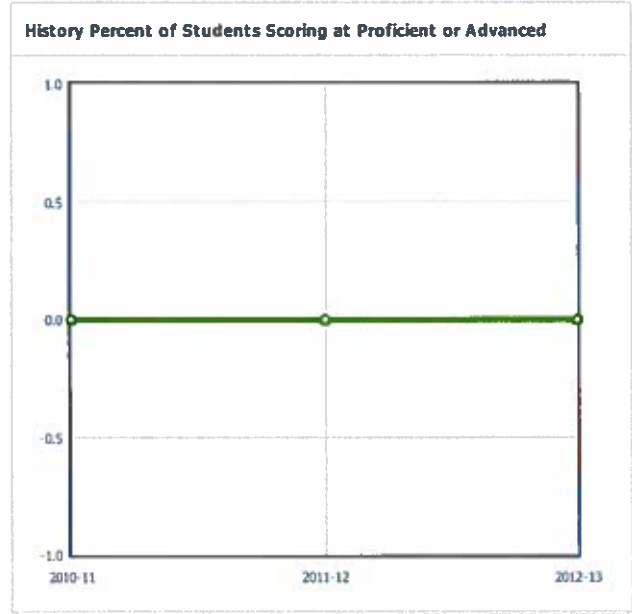

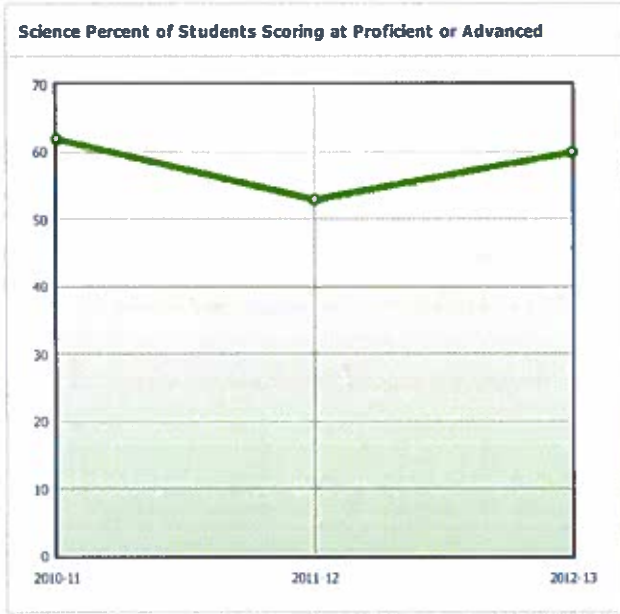

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the [COE STAR Results Web site](#).

California Physical Fitness Test Results (School Year 2012-13)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the [CDE PFT Web page](#).

Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the [CDE API Web page](#).

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2010-11	2011-12	2012-13

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the [CDE AYP Web page](#).

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the [CDE PI Status Determinations Web page](#).

School Safety Plan (School Year 2012-13)

GEA makes every effort to provide a safe, clean environment for learning. We have a comprehensive emergency plan that includes all state and federal requirements. In addition, emergency drills are routinely held every month for our students and staff.

GEA Procedures and Policies on Health and Safety of Pupils and Staff

- Each employee of GEA will furnish the school with a criminal record summary.
- Each employee of GEA will furnish the school with Tuberculosis clearance.
- A school safety plan on file will be reviewed annually and updated as needed. School staff will be trained annually on the safety procedures outlined in the plan.
- School will conduct routine emergency drills for preparation of fire, earthquake, and other natural disasters.
- GEA will adhere to all policies and regulations related to provision of food services.
- GEA will follow the Healthy Schools Act – California Education Code section 17608, which details pest management requirements for schools.
- Staff will follow school policies in administering prescription drugs and other medicines.
- Staff will follow school policies in reporting and controlling the spread of disease and other ailments.
- All enrolling students will provide records documenting immunization against disease.

These policies will be incorporated as appropriate into the school's student and staff handbooks and will be reviewed on an ongoing basis by staff and the governing board.

School Facilities

School Facility Conditions and Planned Improvements (School Year 2013-14)

GEA has a building manager to oversee the facility needs of our campus. GEA also has custodial staff to maintain our building and provide scheduled routine maintenance. We take great efforts to ensure that our school is clean, safe, and functional. Food and restroom facilities are cleaned and maintained throughout the day to ensure the health and safety of students and staff.

School Repairs

Repairs are made using available resources based on the following priorities:

- Emergency (Level of danger to health or safety of students, staff, or to the property)
- Urgency (Presents issues of immediate concern)

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13)

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE [Improving Teacher and Principal Quality Web page](#).

School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the [UC Admissions Information Web page](#).

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the [CSU Web page](#).
