Principal's Message

It is our pleasure to welcome you to Valley View Elementary School, home of the Mustangs, and our vibrant community of learners. Situated on a bluff overlooking the valley around us, Valley View first opened its classroom doors in 1960 and has had the privilege of educating generations of neighborhood families for more than fifty years.

The Valley View community illustrates what is possible when two unique programs work together as part of one school. Our English Only and Spanish Dual Immersion programs each serve approximately half our school population, and are strongly committed to equitable learning, academic excellence, and social development for all students. We evaluate the student work and instructional delivery systems from these programs in alignment with the California state standards and frameworks, and state compliance criteria.

Honored in 2003 with the CABE (California Association of Bilingual Education) Seal of Excellence and in 2006 as a California Distinguished School, Valley View continues to stand out as an example of student-centered focus and achievement. Our dedicated staff continually reassesses our outcomes and refines our teaching and learning practices around student success. Valley View's annual Academic Performance Index (API) scores clearly reflect the outstanding effort put forth by our students and teaching staff in making academic achievement the highest priority.

Valley View and all schools in Pleasanton Unified set very high expectations for student achievement and continue to implement Best Practices in Teaching as we move forward to the full implementation of the Common Core State Standards (CCSS). The Common Core aims to prepare all students for college and career readiness and as 21st Century Learners who will think critically and at deeper levels, and collaborate with others to become resourceful, responsible, and engaged world citizens. Valley View Mustangs will "Make a Better World!"

Our faculty and our School Site Council comprised of teachers, staff, and parents; regularly reviews site assessment data to develop the Single Plan for Student Achievement (SPSA) each year. Our main focus this year will be equity for all learners and the narrowing of the achievement gap that exists for our diverse student population.

Our school community benefits from active parent and community participation in regular and extracurricular school activities. Early intervention tutors include parent volunteers who assist in classrooms to work with individual and small groups of students. Many other positive school activities rely and depend on parent volunteers who help with school fairs, school beautification projects, and other special events. Valley View's PTA coordinates year-round fundraising to support school and community efforts that support powerful teaching and learning. Friends and families are always invited to become active members of Valley View's Community of Learners. It is with that same enthusiasm and pride that we say to you, "Welcome to the View!"

Mission Statement

We are a child centered, forward thinking learning community, educating each of our students in an individually appropriate manner within an environment of personal safety and mutual respect to become well informed, productive and socially responsible citizens.

School Profile

Valley View Elementary School is located in the eastern region of Pleasanton and serves students in transitional kindergarten through fifth grade following a traditional calendar. At the beginning of the 2013-14 school year, 681 students were enrolled, including 7.8% in special education, 22.3% qualifying for English Language Learner support, and 18.6% qualifying for free or reduced price lunch.

Student Achievement

Standardized State Assessments

Students at Valley View Elementary School participate in California's STAR examination each year. The mandatory STAR Program (Standardized Testing and Reporting) is a set of assessments that evaluates student proficiency in core subject areas and compares student results with other students in the state who took the same test. The STAR is comprised of a series of four components: the California Standards Tests (CST), the California Alternative Performance Assessment (CAPA), the California Modified Assessment (CMA), and Standards-based Tests in Spanish (STS). The STAR tables in this report illustrate the percentage of students achieving Proficient and Advanced levels of proficiency through fiscal year 2012-13. Beginning in 2013-14, students at Valley View Elementary School participated in the new statewide student assessment system program identified as CAASPP, California Assessment of Student Performance and Progress. For the 2013-14 school year, the CAASPP reports results for the CST, CMA, and CAPA science test given in grades five, eight and ten only.

Results are shown only for subgroups with ten students or more taking the exam. Detailed results by grade level for each student group can be obtained from the California Department of Education's website <http://star.cde.ca.gov>.

Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Physical Fitness

In the spring of each year, Valley View Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart disclosed in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2013-14			
Grade Tested	Number of Standards Met:		
	Four of Six	Five of Six	Six of Six
Fifth	15.4%	31.7%	41.5%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Academic Performance Index

California uses the results of STAR testing to calculate the Academic Performance Index (API) which is used to measure school performance, set academic growth targets, and monitor progress over time. The API is a numeric index between 200-1000 that measures student performance in grades two through eleven. An API score of 800 is the state's designated performance target for all schools. Test results are weighted and a formula is applied to determine API.

Growth Targets: For schools with an API under 800, the state requires a gain of 5% of the difference between the school's actual API and 800. Growth Targets apply not only schoolwide, but to each numerically significant subgroup as well. Schools/subgroups that have achieved an API of 800 or above must maintain their scores.

Statewide Rank: All schools in California are categorized according to type (elementary, middle, high) and are placed on a scale of 1 to 10, with 10 being the highest.

Similar Schools Rank: School performance is also compared to other similar schools in the state, based on demographic characteristics, and ranked 1 to 10 within a grouping of 100 schools.

Adequate Yearly Progress

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

On March 7, 2014, the U.S. Department of Education approved California's testing waiver allowing flexibility in making AYP determinations for elementary and middle schools and unified school districts participating in the Smarter Balanced Field Test. CDE will not produce a 2014 AYP report for these qualifying schools and districts. High schools and high school districts will receive a 2014 AYP report based on achievement results from the grade ten California High School Exit Examination (CAHSEE) and California Alternate Performance Assessment (CAPA) as well as the cohort graduation rate.

The AYP table in this report illustrates the school's progress in meeting 2013-14 AYP target rates for applicable schools. More information on AYP can be found on the California Department of Education's (CDE) website www.cde.ca.gov/nclb/ and the U.S. Department of Education's website www.ed.gov/nclb/accountability/.

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2013-14, Valley View Elementary School qualified for Title I Targeted Assistance funding and is subject to comply with Title I program requirements.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning – State Priority 1: Covered in *Teacher Assignment*, including the Teacher Credentials & Misassignments & NCLB Compliance charts; *Instructional Materials*, including the Textbooks chart; and *School Facilities & Maintenance*, including the Campus Description and School Facility Good Repair Status charts.

Pupil Achievement – State Priority 4: Covered in *Standardized State Assessments*, including the STAR Results and CAASPP charts; *Academic Performance Index*, including API chart; and *College Preparation & Work Readiness*, including the CTE Program Participation and UC/CSU charts.

Other Pupil Outcomes – State Priority 8: Covered in *California High School Exit Exam*, including the CAHSEE charts; and *Physical Fitness*, including the Physical Fitness Test chart.

Parental Involvement – State Priority 3: Covered in *Parent Involvement*.

Pupil Engagement – State Priority 5: Covered in *Dropouts* and in *Graduation Requirements*, including Dropout & Graduation Rates and Completion of High School Graduation Requirements charts.

School Climate – State Priority 6: Covered in *Discipline & Climate for Learning*, including Suspension & Expulsion chart; and *School Site Safety Plan*.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, the school marquee, the school website, teacher newsletters, the Mustang Newsletter, E-Connection, teacher websites, and various school events. Contact the PTA President, Todd Carnahan at (925) 426-4231 for more information on how to become involved in your child's education.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Valley View Elementary School's original facilities were built in 1960; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Installation of 26 SMART board interactive teaching systems in various classrooms (PTA funds were used)
- Upgrades to kindergarten playground
- Concrete finish and tables in front of school

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Valley View Elementary School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Groundskeeping
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning
- Vacuuming

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Valley View Elementary School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2013-14 school year, Valley View Elementary School did not qualify to receive deferred maintenance funds for campus repairs and/or improvements.

Facilities Inspection

The district's maintenance department inspects Valley View Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Valley View Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Tuesday, September 30, 2014. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2013-14, all restrooms were fully functional and available for student use.

Exemplary: The school meets most or all standards of good repair. Deficiencies noted, if any, are not significant and/or impact a very small area of the school.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal and teaching staff are strategically assigned to designated entrance areas and the playground. The principal and noon supervisors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal and teaching staff monitor student behavior to ensure a safe and orderly departure.

Valley View Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Valley View Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in February 2014.

Classroom Environment

Discipline & Climate for Learning

Valley View Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Valley View Elementary School revolve around the Common Core State Standards. During the 2013-14 school year, Valley View Elementary School held staff development devoted to:

- The Achievement Gap (Diversity and Equity for all Learners)
- Writing Instruction
- Test-Taking Strategies
- Mathematics and Technology
- Student Wellness Programs
- Safe School Planning
- Soul Shoppe Inservice and Assemblies
- English Language Development (ELD)
- Transition to Common Core State Standards (CCSS)
- Treasures/Tesoros Language Arts Adoption
- Envision Mathematics Adoption
- Smarter Balanced Assessments Consortium (SBAC)
- Google Applications Workshop
- Engage NY Math Workshops
- Instructional Rounds/T

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, district benchmark results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Valley View Elementary School supports ongoing professional growth throughout the year on minimum days and District Office staff development days. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2013-14 school year, Valley View Elementary School's teachers attended the following events hosted by the Pleasanton Unified School District:

- Growing Readers in the 21st Century
- Supporting Students Through the SIP Process
- Lucy Calkins - Informational Writing
- Common Core State Standards
- SMART Boards
- Bridging the Achievement Gap Using SMART Technologies and Treasures/Tesoros
- Setting Measurable Goals for Struggling Readers
- Implementing iCommunication in the Classroom
- Special Education Job Alike
- Pearson Online Learning Exchange (OLE)
- Getting Started with Google Sites
- Technical Writing for Science Class
- Greater Good Summer Institute for Educators
- Learning Circles Seminar Series
- CHSSP (California History/Social Studies Project)
- Google in Education California Summit
- Report Card Training
- Making Math Visual
- Universal Design for Learning (UDL) and the Common Core Standards
- IntegratED Conference - Improving Education with Technology
- SuperSchool Science Seminars

Valley View Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Valley View Elementary School are currently being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, November 18, 2014, the Pleasanton Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution 2014-2015.08 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2014-15 school year, Pleasanton Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Leadership

Principal Rafael Cruz is responsible for the day-to-day operations of the school and overall instructional program. Principal Cruz works closely with Valley View's Leadership Team, comprised of the Vice Principal and the grade level representatives, to fulfill the many responsibilities associated with running an effective academic program and to address the needs of the students, staff, and the school at large. The Leadership Team meets monthly throughout the year to discuss school programs, the learning environment, staff developmental needs, and other related issues that impact student learning and campus climate. The team works collaboratively to create and implement solutions.

Professional Staff

Counseling & Support Staff

Valley View Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Valley View Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Teacher Assignment

During the 2013-14 school year, Valley View Elementary School had 31 teachers who met all credential requirements in accordance with state guidelines. The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant." Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. In the table below, which identifies the number of classrooms taught by NCLB-compliant and non-compliant teachers, high poverty schools are those schools in the highest quartile for student participation defined by the free and reduced price meal program. Low poverty schools are those schools that are in the lowest quartile of program participation.

Percentage of Core Classes 2013-14		
	Taught by NCLB-Compliant Teachers	Taught by non-NCLB-Compliant Teachers
Valley View Elementary School	100.0 %	0.0 %
District Totals		
All Schools	100.0 %	0.0 %
High-Poverty	0.0 %	0.0 %
Low-Poverty	100.0 %	0.0 %

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40% or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39% or less in the free and reduced price meals programs.

Expenditures Per Student

For the 2012-13 school year, Pleasanton Unified School District spent an average of \$7,838 of total general funds to educate each student (based on 2012-13 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Pleasanton Unified School District receives state and federal categorical funding for special programs. For the 2012-13 school year, the district received categorical, special education, and support programs funds for:

- Class Size Reduction, Grades K-3 (optional)
- Economic Impact Aid (EIA)
- Education Protection Account
- Lottery: Instructional Materials
- Other Local: Locally defined
- Special Education
- State Lottery
- Title I
- Title II
