Chapter 4, Section 4

Q: Can a river catch fire?

- Cuyahoga River, Ohio. (1969)

A group of people, mostly young adults, are gathered for a protest. They are holding a large banner that has the word 'GREENPACT' written on it in white capital letters. The banner is partially obscured by the text overlay. The people are dressed in casual, outdoor-appropriate clothing like jackets and sweaters. Some are raising their hands in the air, suggesting a demonstration or rally. The background is slightly blurred, focusing attention on the protesters and the banner.

Conservation Laws

- **1970s** = important decade for...
...**Environmentalists!!**
- **First laws** to decrease **water pollution**
 - **CLEAN WATER ACT**
 - **1972**
 - ↓ **point-source pollution**

Conservation

Careful USE of resources

Preservation

Not using resources.

- “preserve”
- Keeping them “safe.”
- “off-limits”

Protecting the Air

CLEAN AIR ACT

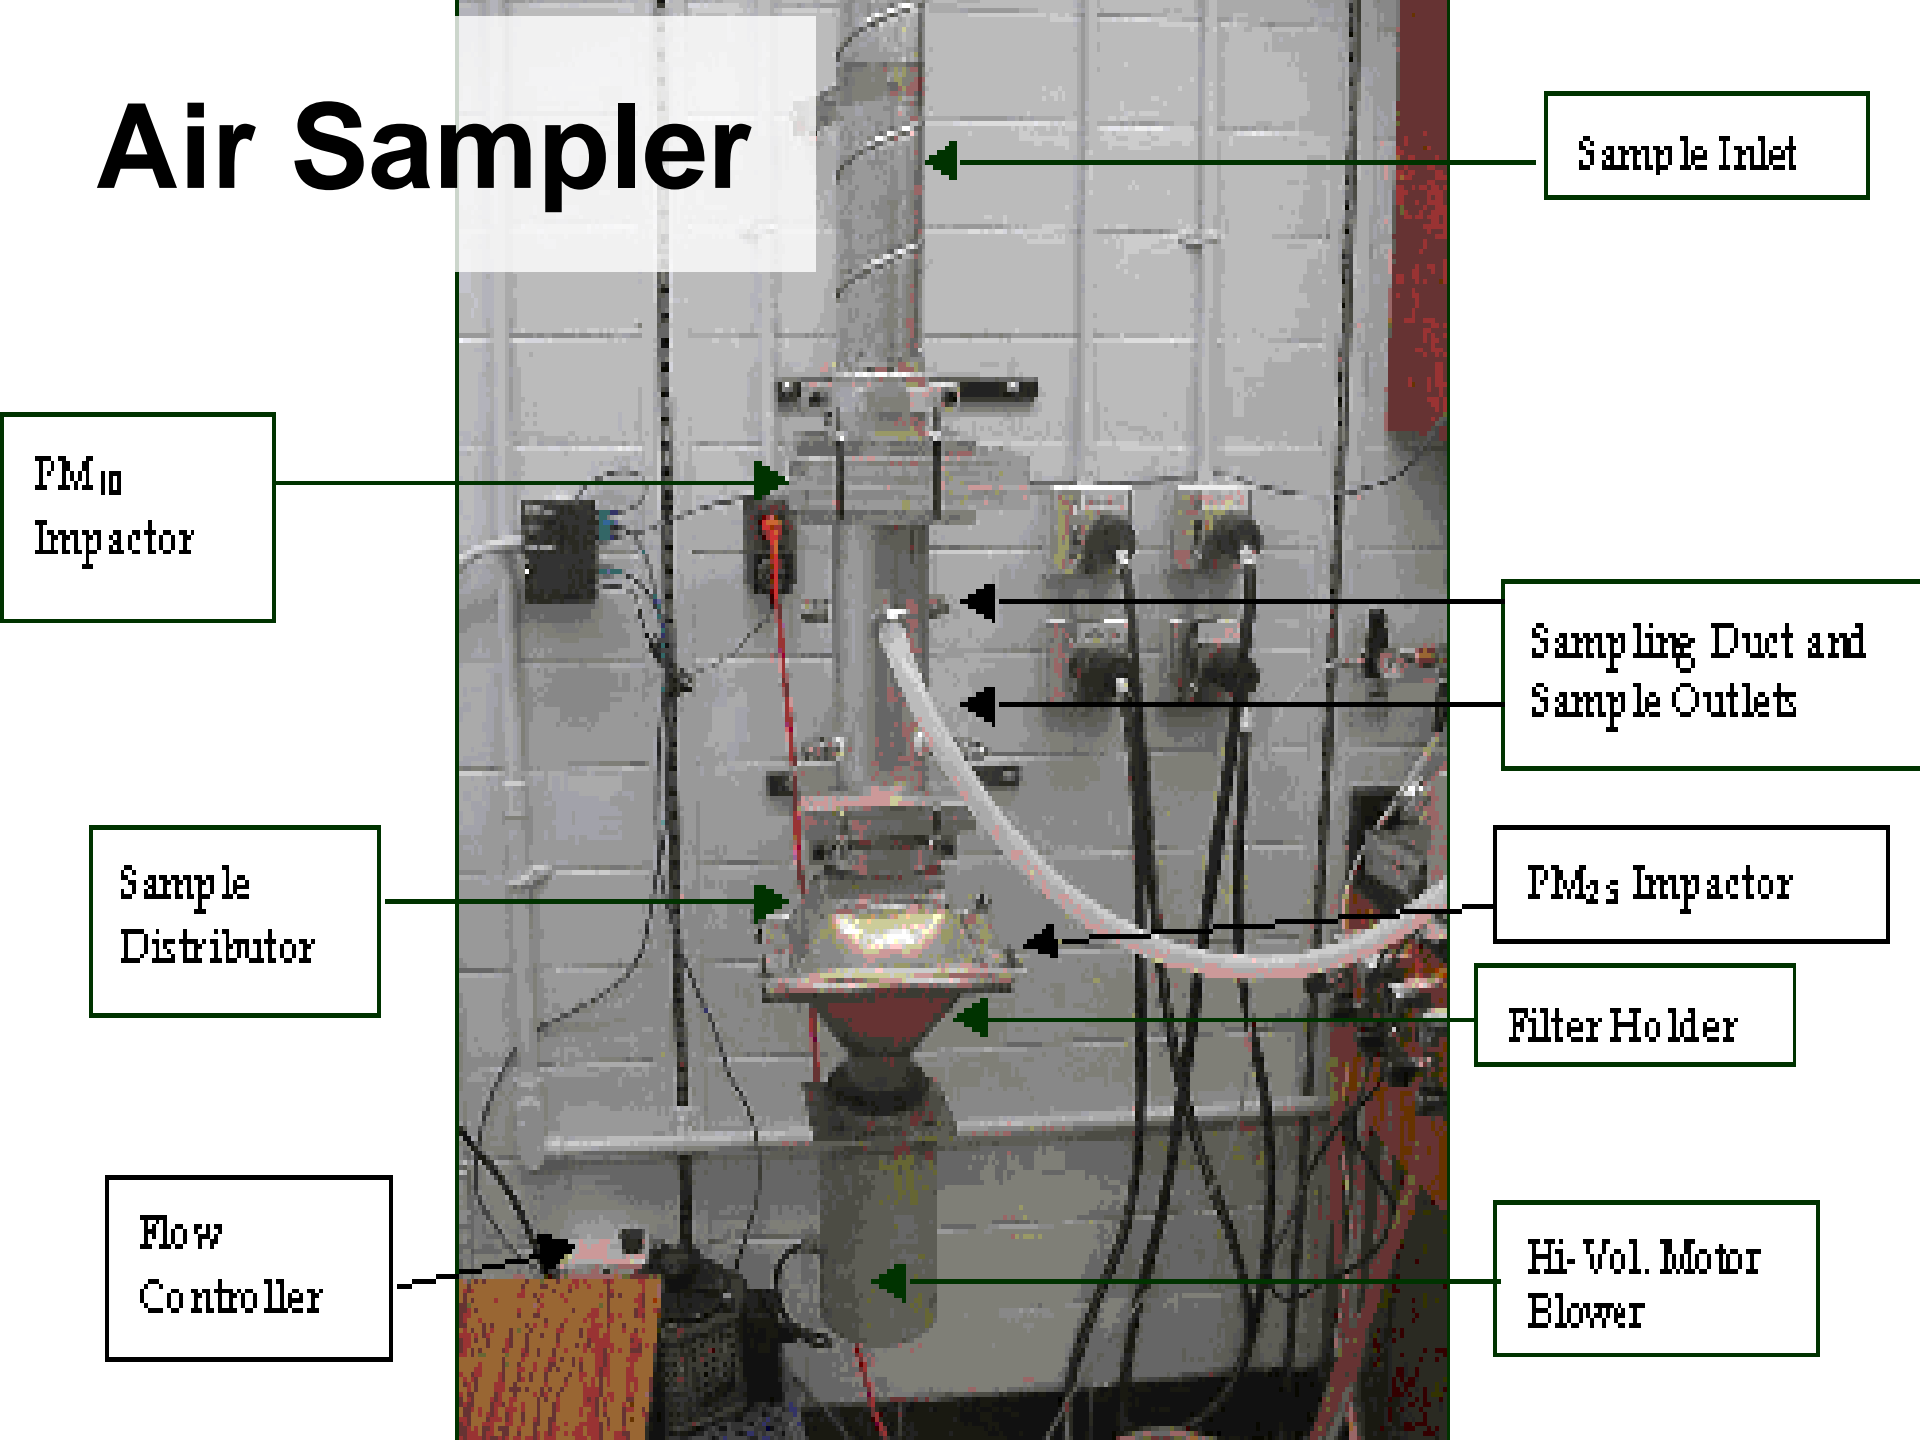

- Air Pollution Law
- 1970
- Maximum amount of pollutants

Energy conservation is best
pollution-control strategy!

Hybrid Car = less pollution
No Solar Panels!

Air Sampler

Sample Inlet

PM₁₀
Impactor

Sampling Duct and
Sample Outlets

Sample
Distributor

PM_{2.5} Impactor

Filter Holder

Flow
Controller

Hi-Vol. Motor
Blower

Caring.

1. Reduce

- Use less

2. Reuse

- What you have

3. Recycle

- Remake old items into new ones

A.I.T. Videos
