

# *Newman FFA Floral Design Monthly Flower Club*

The Newman FFA Floral Design class supports approximately 30 students at OHS. Every month, students learn new skills and techniques that are used in floral design. They create everything from basic table arrangements to elaborate wreaths. This year we are offering membership to people who would like to support our students by pre-ordering arrangements. Supporters will receive student made arrangements throughout the fall and spring months. Proceeds will go towards materials in the arrangement as well as give students the opportunity to explore different designs. If you are interested in becoming a member, please provide the information below and turn into J4 or Miss Norton.
