EXPULSION AFFIDAVIT

In keeping with California State Law (Education Code 48915 and 48918), the Hemet Unified School District must be informed by student and parent if the student is currently under an expulsion order from any school or district in or out of the state of California.

Students with a completed or current expulsion order should be referred to the Child Welfare and Attendance office. They may call for an appointment at **951.765.5100 extension 3701**. If appropriate, a hearing will be scheduled with the student/parent, site administrator, and Director of Student Support Services.

Falsification of this document will result in the student being dropped from the Hemet Unified School District.
