ACCESS TO STUDENT INFORMATION BY MILITARY OR COLLEGE RECRUITERS

Dear Parent/Guardian and Secondary Students:

Our district receives funds from the federal government under the No Child Left Behind Act of 2001. These funds are used in a variety of ways to provide additional help to students in greatest academic need. The law requires that districts receiving these funds must, upon request, provide the military recruiters, colleges and universities, access to the names, addresses and telephone listings of secondary students.

It is important for you to know that a secondary school student or his/her parent or guardian may request that the student's name, address, and telephone number not be released by the district without prior written parental consent. If you would like to make such a request, please complete and return this form to your child's school. **This form is optional.** If you do not return this form to the school, with any of the options checked by August 31 of any school year, your student's contact information will be released to any of the named agencies upon request.

Parent or Guardian: **Please complete this section and return the entire form to your child's school.**
Use a separate form for each student.

I am aware the district must provide access to student names, addresses and telephone listings to military recruiters, colleges, and universities. I am aware the district will provide this information upon request, unless I require that such information not be given without prior written parental consent:
