

Family Access from Mobile Device Quick Reference

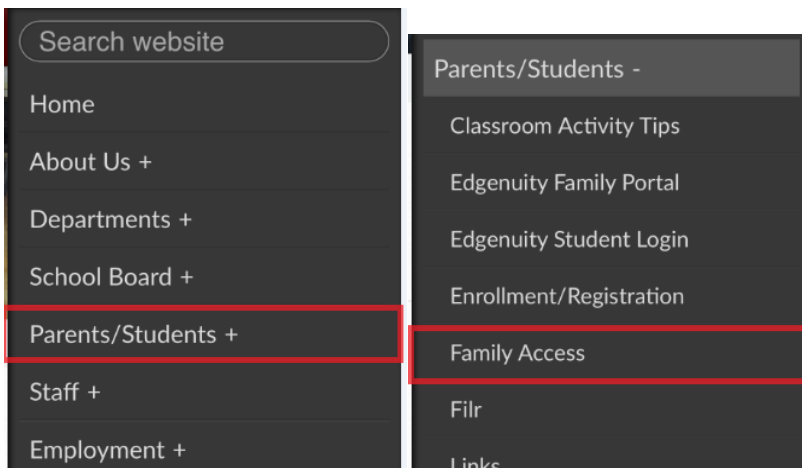

These are general instructions and have worked for several phones, tablets, and carriers, but there could be occasions that these instructions may not work. The mobile device must be set to allow popup pages.

Search for the Whitehouse ISD website. Some Whitehouse Family Access links may be inactive, so select the Whitehouse ISD homepage.

Select the website. Click the Menu button displayed at the top of the homepage.

Click Parents/Students+. Several options will display. Select Family Access.

Family Access Login page will display. Login using your Family Access login and password.
