

Objective: This is a group project in which you will use the notes, video, and all texts we read concerning the underworld to create either a detailed map or 3-D model of the Underworld.

What you should be doing in class:

- Collecting any information concerning any **physical aspects** (things, places, plants, animals, creatures, people, gods, etc.) of the underworld from the various sources we read/watch/take notes on in class
 - Most of the texts we are using are part of the class set, so you will need to note these references as we read
 - You and your group will be responsible for reading some of these texts on your own, same rules apply
- You will tie this collective info from various myths/cultures about the underworld to create one representation of the Underworld
 - **You must use at least one physical aspect from EACH source.**
 - Orpheus Film, Duat, Inana/Ishtar/Great below notes, Hel, Odysseus, Pausanius, Mayan Hero Twins/Xilbalba notes, Hades Notes, Voyage to UW play

What you should include:

1. For a map
 - Specific geography (rivers, swamps, fields, etc.)
 - Points of interest
 - Locations of homes/haunts of important underworld personnel
 - Location of important events (i.e. Odysseus' reunion with Achilles in the Elysian Fields)
 - Compass
 - If drawing isn't your strong point, don't do this one!
 - Should be drawn/collaged on large poster board
 - The more visual, the better
2. For a 3D model
 - This should be a "pop-up" version of the map.
 - Focus on the tangible aspects of the sources (i.e. gates, doors, plants, structures, etc)
 - Use any materials necessary, unless they harmful to yourself or other (if I get hurt by your project, your grade goes down!)
3. For both projects include a **travel brochure**
 - This should take me on a tour of your project
 - Explain all components in an exciting manner
 - **Number the components on your project to coincide with info on the brochure, in other words provide a KEY.**
 - ******Indicate which source each component is from on the key/brochure *****
 - Extras are encouraged for extra credit—the more creative the better
 - Themed restaurants, activities to do, etc.—**must all relate to underworld**

Worth: 100 points
