

National Treasure Scientific Method Worksheet Name _____

Period _____

Remember: Ann Has Twenty Angry Dogs and Cats

1. **Ask:**

What question do the characters in the movie want to answer?

2. **Hypothesis:**

What is one of the hypotheses (educated guesses) made by a character in the movie?

3. **Test:**

Which was the most common way in which the characters tested their hypotheses?

4. **Analyze:**

How were the characters able to analyze their results?

5. **Draw Conclusions:**

Throughout most of the movie, what conclusion did the characters come to when they went to a place where they expected to find the treasure?

What is the next step in the scientific method if you conclude that your hypothesis is wrong?

6. **Communicate:**

What are some ways in which information can be communicated?
