

West Valley School District #363

Above and Beyond Award

Under the *Celebrating Successes* portion of our District Strategic Plan, a program has been established to acknowledge and honor staff and community members who have gone “Above and Beyond.” The award will be presented at each school board meeting to an employee, group, or community member that has been chosen for acts or actions worthy of praise.

The first school board meeting of the month is always held in one of our schools on a rotating basis. That month’s nominee will be chosen for the *Above and Beyond Award* from the school that hosts the meeting. The selected honoree will attend the meeting to be acknowledged and honored by the school board directors.

The second board meeting of the month is always an evening meeting held in the board room at Millwood School. The *Above and Beyond Award* winner for that meeting will be chosen from throughout the district.

The nomination process is informal and anyone can recommend a nominee for the award. Contact the district office (Superintendent, Superintendent’s Assistant, or Public Relations Director) to recommend a fellow employee or community member for the *Above and Beyond Award*.
