Name _____ **Date** _____ **Period** ___

Pride and Prejudice

My Fair Lady

Directions: Review chapter 8, the chapter in which Darcy explains his idea of an "accomplished" woman. Research the education and responsibilities of women of the gentry during the early 19th century. Use the Internet to find your information, but make sure you use websites that are academic. Fill in the following information using complete sentences:

- What kind of education was offered to women in the upper/upper-middle class society in the 19th century? _____

- What were the responsibilities of the upper/upper-middle class women? If possible, give examples. _____

- What other information did you come across regarding 19th century women? Find at least one more item that is interesting about this society and explain it. _____
