

**\*\*YOU MUST SHOW WORK\*\***

**Lesson 6:**

**Directions:** Find the correct answer and use a pencil to DRAW the object that corresponds to your answer.

<p>1. Find the x-intercept <math>4x-5y=20</math></p> <p>(a) If your answer is <u>x-int: 5</u> draw the following bandana on the head. </p> <p>(b) If your answer is <u>x-int: 4</u> draw the following bandana on the head. </p>	<p>2. Find the y-intercept <math>4x-5y=20</math></p> <p>(a) If your answer is <u>y-int: -4</u> draw the following nose and mouth. </p> <p>(b) If your answer is <u>y-int: 4</u> draw the following nose and mouth. </p>	<p>3. What type of a line has a slope of zero?</p> <p>(a) If your answer is <u>vertical</u> draw an X where one eye should be. </p> <p>(b) If your answer is <u>horizontal</u> draw an eye patch where one eye should be. </p>
<p>4. What type of line has an undefined slope?</p> <p>(a) If your answer is <u>horizontal</u> draw the following eye. </p> <p>(b) If your answer is <u>vertical</u> draw the following eye. </p>	<p>5. Does the following represent a function? (1, 2), (2, 3), (3, 4), (5, 7), (1, 8)</p> <p>(a) If your answer is <u>yes</u> draw the following chin. </p> <p>(b) If your answer is <u>no</u> draw the following chin. </p>	<p>6. If line 1 has a slope of -3 and line 2 has a slope of 4 which is steeper?</p> <p>(a) If your answer is <u>line 1</u> draw a parrot sitting on one shoulder. </p> <p>(b) If your answer is <u>line 2</u> draw a snake sitting on one shoulder. </p>
<p>7. If a line has a slope of -2 what is the slope of a perpendicular line?</p> <p>(a) If your answer is <u>1/2</u> draw long, messy hair that covers the ear area. </p> <p>(b) If your answer is <u>-1/2</u> draw short, straight hair that covers the ear area. </p>	<p>8. If a line has a slope of -2 what is the slope of a parallel line?</p> <p>(a) If your answer is <u>1/2</u> draw a sword on the shirt. </p> <p>(b) If your answer is <u>-2</u> draw skull and crossbones on the shirt. </p>	<p>9. Find the slope <math>4x-2y=12</math></p> <p>(a) If your answer is <u>2</u> draw horizontal stripes on the shirt. </p> <p>(b) If your answer is <u>-2</u> draw vertical stripes on the shirt. </p>
<p>10. Find the slope of the line that passes through (-2, -3) and (-4, -3)</p> <p>(a) If your answer is <u>0</u> draw a scar under the eye and on one arm. </p> <p>(b) If your answer is <u>undefined</u> draw a scar on the nose and neck. </p>	<p>11. Find the slope of the line that passes through (-1, -2) and (4, -1)</p> <p>(a) If your answer is <u>5</u> draw a ship with an X on one mast. </p> <p>(b) If your answer is <u>1/5</u> draw a treasure map with an X to mark the spot. </p>	<p>12. Is <math>f(x)=x^2+5</math> a linear function?</p> <p>(a) If your answer is <u>yes</u> write the term "Yo-ho-ho" in the background. </p> <p>(b) If your answer is <u>no</u> write the term "Arrr!" in the background. </p>

**Directions:** Find the correct answer and COLOR the object that corresponds to your answer.

<p>13. If <math>f(x)=x^2-2x</math> find <math>f(-3)</math>.</p> <p>(a) If your answer is <u>-3</u> color the bandana purple with orange patches.</p> <p>(b) If your answer is <u>15</u> color the bandana red with yellow patches.</p>	<p>14. Is <math>f(x)=x-5</math> a linear function?</p> <p>(a) If your answer is <u>yes</u> color the mustache brown.</p> <p>(b) If your answer is <u>no</u> color the mustache black.</p>	<p>15. If the slope of a line is _____ then it rises from left to right.</p> <p>(a) If your answer is <u>positive</u> color the eye patch black.</p> <p>(b) If your answer is <u>negative</u> color the eye patch brown.</p>
<p>16. If the slope of a line is _____ then it falls from left to right.</p> <p>(a) If your answer is <u>pos.</u> outline the eye, nose, and chin in brown.</p> <p>(b) If your answer is <u>neg.</u> outline the eye, nose, and chin in black.</p>	<p>17. Write <math>-5x-y=2</math> in slope-intercept form</p> <p>(a) If your answer is <u><math>y=-5x-2</math></u> outline the mouth in red.</p> <p>(b) If your answer is <u><math>y=5x-2</math></u> outline the mouth in black.</p>	<p>18. Does the graph of a circle pass the vertical line test?</p> <p>(a) If your answer is <u>yes</u> outline both scars in red.</p> <p>(b) If your answer is <u>no</u> outline both scars in black.</p>
<p>19. True or False: slope represents run over rise.</p> <p>(a) If your answer is <u>true</u> color the nose, face, neck, and arms tan.</p> <p>(b) If your answer is <u>false</u> color the nose, face, neck, and arms orange.</p>	<p>20. When graphing using slope-intercept form which axis do you plot the first point on?</p> <p>(a) If your answer is <u>y-axis</u> color the animal multiple colors.</p> <p>(b) If your answer is <u>x-axis</u> color the animal only one color.</p>	<p>21. True or False: Horizontal and vertical lines are perpendicular.</p> <p>(a) If your answer is <u>false</u> color the object on the shirt green.</p> <p>(b) If your answer is <u>true</u> color the object on the shirt gray.</p>
<p>22. What kind of line is <math>x=5</math>?</p> <p>(a) If your answer is <u>vert.</u> color the shirt stripes blue and white.</p> <p>(b) If your answer is <u>horizontal</u> color the shirt stripes red and yellow.</p>	<p>23. What kind of line is <math>y=-3/2</math>?</p> <p>(a) If your answer is <u>vertical</u> color the hair black.</p> <p>(b) If your answer is <u>horizontal</u> color the hair brown.</p>	<p>24. True or False: We read a graph from right to left.</p> <p>(a) If your answer is <u>false</u> outline the letters in black.</p> <p>(b) If your answer is <u>true</u> outline the letters in red.</p>
<p>25. What form is <math>5x-2y=23</math>?</p> <p>(a) If your answer is <u>standard</u> color the X red.</p> <p>(b) If your answer is <u>slope-int</u> color the X black.</p>	<p>26. What color is Mrs. Scott's Angels Bat?</p> <p>(a) If your answer is <u>red</u> do not color the rest of the "X" object.</p> <p>(b) If your answer is <u>pink</u> color the rest of the "X" object as you wish.</p>	<p>27. What animals surround the clock on Mrs. Scott's wall?</p> <p>(a) If your answer is <u>monkeys</u> color the background purple.</p> <p>(b) If your answer is <u>elephants</u> color the background blue.</p>

**Artistic Tip:** When you are done coloring, it looks nice to outline the major features using a black crayon or marker.
