Alumni Testimonials

Knowing that I am prepared to face the future challenges of life with courage, kindness and will is why I believe a Catholic education and foundation can make an extraordinary difference in someone's life.

-Juan Zuniga, Class of 2013

My time at St. Anastasia was instrumental in providing me the foundation, both spiritually and academically, that has allowed me to pursue success in my career and in life. I am grateful to my parents for making the sacrifices that they made in order to give me the opportunity to go to such a fine school.

-Michael Nerheim,
Lake County State's Attorney,
Class of 1988
