

Employee Protection

The District recognizes the need for a school and work environment free from violence for all employees, patrons, and visitors. Violence in the workplace will not be tolerated. The District and the Board of Trustees are committed to maintain an environment free from all forms of violence, including but not limited to, verbal or physical threats, assaults, or other acts of intimidation, or abusive language. Employees shall report all threats or violent actions to their immediate supervisor, except where the threat or act of violence is committed by their immediate supervisor, in which case the occurrence shall be reported to the District's Superintendent. Confirmed acts of violence could result in disciplinary and/or legal action.
